In Larry W. Hurtado's book *Destroyer of the Gods: Early Christian Distinctiveness in the Roman World*, early Christianity is shown as a very different kind of religion compared with the religious thought of the ancient Roman world. The Roman world rendered harsh judgments upon early Christianity—including branding Christianity "new." Novelty was no Roman religious virtue. In *Destroyer of the gods*, Larry Hurtado demonstrates how Christianity thrived despite its new and distinctive feature and opposition to them.

Christianity stood apart from the Roman world through its utter rejection of the traditional gods, as well as through an offering of a new and different religious identity, not based on ethnicity.

Hurtado says *Destroyer of the Gods* is “not a technical monograph” but a book “intended for a wide spectrum of readers” (p. xiii), which shows that many of our “commonplace notions” about religion originated “in the rambunctious early Christian movement” (p. 2). The book comprises five main chapters, the first being an introduction to outsiders’ perceptions of the early Christians with the remaining four focusing on the movement’s most distinctive traits.

Destroyer of the gods is a very clear and readable book and is essential reading for anyone who wants to understand issues dealt with in early Christian writers, particularly Paul's letters. I thoroughly recommend it to students of the New Testament and more widely as a reminder that there is a cost to a church which stands out in its social and cultural setting.

Destroyer of the Gods: Early Christian Distinctiveness in ...

In his book *Destroyer of the gods* Larry Hurtado highlights some of the features that made early Christianity so distinctive,

unprecedented, and indeed, nearly inconceivable for many at the time. These are features that are widely assumed as part and parcel to religion by many today, yet which at the time caused Christians to be viewed by outsiders as impious, irreligious, and a threat to social order.

In the rejection of the gods and in the centrality of texts, early Christianity obviously reflected commitments inherited from its Jewish origins. But these particular features were no longer identified with Jewish ethnicity and early Christianity quickly became

aggressively trans-ethnic—a novel kind of religious movement.
