The use of drugs to alter consciousness is nothing new. It has been a feature of human life in all places on the earth and in all ages of history. In fact, to my knowledge, the only people lacking a traditional intoxicant are the Eskimos, who had the misfortune to be unable to grow anything and had to wait for white men to bring them alcohol.

Andrew Weil has made a name for himself as a doctor well-credentialed in Western medicine, as well as an

advocate of exotic -- and often controversial -- alternatives to conventional cures. His bestseller "The Natural Mind: A New Way of Looking at Drugs and the Higher Consciousness," explores the experience of using consciousness-altering narcotics, with particular attention paid to his own experience, which he calls "meticulous self-observation."
