The book is suited to both undergraduate and post-graduate students as a primary text for courses in social/digital media marketing and public relations or a secondary text in broader public relations

and marketing campaign planning and writing courses. Accompanying online resources include chapter reviews with suggestions for further resources; instructor guides; in-class exercises; a sample syllabus, assignments, and exams; and lecture slides. Visit www.routledge.com/9780367896201

Strategic Communication

Public relations at work *Routledge*

Communication and relationships sit at the centre of our hyper-connected lives, and their effective management is a strategic necessity for all organisations today. As the communication and public relations industries continue to grow globally, they offer a dynamic career for those with the right skills and knowledge. Jane Johnston and Leanne Glenny show how strategic communication and public relations plug into the social, economic and political world, creating crucial links between organisations and people. They explain how communication professionals build partnerships, motivate and engage stakeholders, manage content, media and planning, develop reputations, and troubleshoot crisis communication. Strategic Communication is a complete introduction to the fundamentals of communication and public relations for the next decade. It presents innovative and creative approaches to deliver 100 tools and tactics, over 30 theories and models, and three levels of strategy that underpin successful communication. The authors include examples from around the world, from private sector, public sector and not for profit organisations.

Public Relations Campaigns

An Integrated Approach *SAGE Publications*

Public Relations Campaigns: An Integrated Approach introduces you to the process of creating public relations campaigns using a hands-on approach that emphasizes the tools you will need when working in the industry. Authors Regina M. Luttrell and Luke W. Capizzo present real examples and current case studies to help you develop practical skills for creating more effective PR campaigns. You are given multiple opportunities to practice and build your skills throughout the book by learning how to incorporate the PESO model—Paid media, Earned media, Social media, and Owned media. The PESO model helps students understand the importance of creating integrated campaigns that coordinate PR efforts with both advertising and marketing. Key Features The book offers a timely focus on the PESO model and its use in integrated campaigns, providing students with an understanding of today's best practices in PR. Numerous case studies and exercises throughout the book aid in a deeper understanding of how research, perspective, and insights can be leveraged in public relations campaigns. Real-world information including sample PR plans with budgets prepare students for success in their future careers.

Public Relations Planning

A Strategic Approach *Routledge*

Public Relations Planning provides students with an in-depth understanding of the steps involved in planning and executing a successful PR campaign. Taking a strategic approach to the subject, the author brings years of practical experience to the project, helping students see how it all fits together in reality. The book goes beyond an introductory discussion of the theory of PR planning, incorporating material from cutting-edge research in the field. A discussion of the psychological aspects of communication, material on in-house/employee communication, as well as a chapter dedicated to discussing how social media strategies fit into a PR campaign, give students a real edge when it comes to executing an effective campaign. Plenty of global examples and a companion website featuring PowerPoint slides, a test bank, and answer key for end-of-chapter questions round out this excellent resource for students of public relations and corporate communication.

Public Relations: Strategies and Tactics *Willford Press*

Public relation is the strategic management of information between an organization and public. It is the way by which businesses, government agencies, or nonprofit organizations communicate with media and public. It uses topics of public interest and news. The main aim of public relations is to provide specific information to the partners, public, investor, etc. It persuades them to maintain a favorable view about the organization's leadership, its political decisions and products. It maintains relationship and communicates with an organization's target audience, media and other opinion leaders, through media. Examples include newsletters, press releases and public appearances. Litigation public relations manages the communication process during the course of adjudicatory processing. This book elucidates the concepts and innovative models around prospective developments with respect to public relations. Different approaches, evaluations and methodologies on public relations have been included in it. This book is a complete source of knowledge on the present status of this important field.

THINK Public Relations *Pearson Higher Ed*

-- THINK Currency. THINK Relevancy. THINK Public Relations. The engaging visual design of THINK Public Relations provides an introduction to the field of public relations that successfully blends theory and practice in an easy-to-read format. Students are introduced to exciting and innovative public relations campaign examples in the context of relevant theory and core concepts that they will need to succeed in the world of public relations. The authors offer a practical approach to the study of public relations and emphasize competition and conflict management, while providing a concise, comprehensive overview of the profession. A better teaching and learning experience This program will provide a better teaching and learning experience—for you and your students. Here's how: Improve Critical Thinking—Questions and cases throughout the text encourage students to think critically about public relations topics. Engage Students—An appealing visual design and real-world applications engage students in the material. Apply Ethics—Feature boxes introduce readers to the important ethical and legal issues facing public relations practitioners today.

Strategic Public Relations *Springer*

Strategic Public Relations has been produced as a core book for what will become a series of second

generation books treating public relations as a new, and separate discipline which has strategic implications for the whole business. Written primarily for senior executives and PR practitioners, Strategic Public Relations also serves students and young executives, covering such topics as: corporate goals and strategies; marketing communications; financial public relations; employee and local community relations; parliamentary and EU relations; building an international reputation; corporate advertising; sponsorship and media relations; communications research and corporate responsibility. All of the 16 contributors to this book, in addition to being recognised authorities in their fields, are senior practitioners. They will broaden your business horizons by showing you that corporate relations, if done properly, will lead to improved efficiency, improved competitive performance and, ultimately, to greater profit.

Media and Technologies: Public Relations

Strategies and Tactics *Booktango*

The impact of public relations in today's environment. how to implement an effective public relations campaign in the market.

Public Relations *University of Oklahoma Press*

Public relations as described in this volume is, among other things, society's solution to problems of maladjustment that plague an overcomplex world. All of us, individuals or organizations, depend for survival and growth on adjustment to our publics. Publicist Edward L. Bernays offers here the kind of advice individuals and a variety of organizations sought from him on a professional basis during more than four decades. With such knowledge, every intelligent person can carry on his or her activities more effectively. This book provides know-why as well know-how. Bernays explains the underlying philosophy of public relations and the PR methods and practices to be applied in specific cases. He presents broad approaches and solutions as they were successfully carried out in his long professional career. Public relations is not publicity, press agency, promotion, advertising, or a bag of tricks, but a continuing process of social integration. It is a field of adjusting private and public interest. Everyone engaged in any public activity, and every student of human behavior and society, will find in this book a challenge and opportunity to further both the public interest and their own interest.

Introduction to Strategic Public Relations

Digital, Global, and Socially Responsible Communication *SAGE Publications*

Winner of the 2019 Textbook & Academic Authors Association's The Most Promising New Textbook Award How can public relations play a more active role in the betterment of society? Introduction to Strategic Public Relations: Digital, Global, and Socially Responsible Communication prepares you for success in today's fast-changing PR environment. Recognizing that developments in technology, business, and culture require a fresh approach, Janis T. Page and Lawrence Parnell have written a practical introductory text that aligns these shifts with the body of knowledge from which the discipline of public relations was built. Because the practice of public relations is rooted in credibility, the authors believe that you must become ethical and socially responsible communicators more concerned with building trust and respect with diverse communities than with creating throwaway content. The authors balance this approach with a focus on communication theory, history, process, and practice and on understanding how these apply to strategic public relations planning, as well as on learning how to create a believable and persuasive message. Key Features Chapter-opening Scenarios capture your attention by discussing current PR challenges—such as the Wells Fargo cross-selling, VW emissions cover-up, and P&G's "Like a Girl" campaign—and thus frame the chapter content and encourage active reading. At the end of the chapter, you explore various aspects of socially responsible communication to "solve" the PR challenge. Socially Responsible Case Studies in each chapter illustrate the key responsibilities of a modern public relations professional such as media relations, crisis communications, employee communications, applied communications research, and corporate and government-specific communications. Each case features problem-solving questions to encourage critical thinking. Social Responsibility in Action boxes feature short, specific social responsibility cases—such as Universals' #NoFoodWasted, Nespresso in South Sudan, and Merck's collaboration with AIDS activists—to highlight best practices and effective tactics, showing the link between sound public relations strategy and meaningful social responsibility programs. Insight boxes spark classroom discussion on particularly important or unique topics in each chapter. Personality Profile boxes will inspire you with stories from PR veterans and rising stars such as the U.S. CEO of Burson-Marsteller, the Chief Communication Officer of the United Nations Foundation, and the Executive VP at HavasPR.

Engaging Employees through Strategic Communication**Skills, Strategies, and Tactics** *Routledge*

Engaging Employees through Strategic Communication provides a detailed overview of employee communication and its evolution as a tool to drive employee engagement and successful change management. Approaching the subject with the philosophy that internal audiences are essential to the success of any strategic communication plan and business strategy—particularly as they relate to driving change—Mark Dollins and Jon Stemmle give readers a working knowledge of employee communication strategies, skills, and tactics in ways that prepare students for careers in this rapidly expanding field. Providing the tools necessary to evaluate the impact of successful employee communication campaigns, they put theory and cutting-edge research into action with practical examples and case studies sourced from award-winning entries judged as best-in-class by the

International Association of Business Communicators (IABC), the Public Relations Society of America (PRSA), PRWeek, and PRNews. The book is ideal for undergraduate and graduate students in internal, corporate, or employee communication courses and will be a useful reference for practitioners who want to understand how to carry out effective employee communication engagement and change-management campaigns.

Spin Sucks**Communication and Reputation Management in the Digital Age** *Pearson Education*

Top PR thought leader and blogger Gini Dietrich runs the number one PR blog in the world, spinsucks.com, where she shares cutting-edge tips and tools for effective, ethical communications. Now, she's integrated all she's learned into a complete, actionable guide for every business leader who understands there are new rules to communications, but don't know what to do. No matter what your organization does, Dietrich will help you: Share your story more powerfully--without sex, extortion, or "truth-stretching" Humanize your organization, even if you don't have outsized personalities Tell the truth, using the best techniques honed by centuries of storytellers Overcome whisper campaigns, anonymous attackers, and trolls Create fresh, honest content that's compelling to both humans and Google Systematically prepare yourself to engage more successfully online Clarify and close gaps between your message and your customer's perception Celebrate your brand ambassadors Master seven steps for handling online criticism, and transforming critics into fans Keep others from stealing your great content Learn actionable lessons from others' successes (and failures) Develop more positive, productive agency (or client) relationships Converge paid, owned, earned, and shared media--and get more value from all of them spinsucks.com

Public Relations Strategy *Kogan Page Publishers*

This challenging book reflects the intense discussion that is taking place on the nature of public relations and how it develops and supports management strategy. It links models and theories of strategic management to the PR function and discusses how globalization and the Internet are changing organizational PR strategy. This new and updated version of Public Relations Strategy explains how PR lies at the heart of sound, ethical corporate communication as a core strategic management function. The new edition explores the following topics: - PR as strategic and issues management - the governance role of PR within organizations - attaining and maintaining reputation - internal communication as PR strategy - online/offline media relations - research matters: exploration and evidence - managing ethics and evaluation in PR programming Including many new international case studies, this fully updated, third edition of Public Relations Strategy is a useful addition to the thinking practitioner's library, and an invaluable learning tool for students undertaking examinations in PR and related disciplines.

Writing for Public Relations and Strategic Communication

Writing for Public Relations and Strategic Communication equips students with the knowledge, skills, and tools they need to write persuasively. The book underscores the importance of strategic analysis at the beginning of the writing process. Utilizing an audience-centered perspective, it shows how persuasive writing emerges organically after critically assessing the goals of an organization's message in light of its intended audience. Students learn essential strategic thinking and planning skills to create effective and intentional writing. The book presents the theoretical underpinnings of behavior, which students can then employ to generate prose that prioritizes the audience's reasons for attending to the message. The book is unique in presenting a primer on communication, persuasion, and moral theories that provides students a roadmap for constructing effective, ethical arguments. Throughout, anecdotes, examples, quizzes, and assignments help connect theory to practical, real-world applications. Writing for Public Relations and Strategic Communication helps readers build their persuasive writing skills for professional and effective public relations, employing unique strategies and tactics, such as: --A generative writing system that helps students identify and organize important information to produce quality prose, then adapt it to various media, on deadline --Interactive walkthroughs of writing examples that deconstruct prose, offering students insights not just into what to write, but how and why practitioners make strategic choices--down to the word level --Long-form scenario prompts that allow students to hone their persuasive writing, editing, and communication management skills across an array of platforms --Three two-chapter modules where the first chapter demonstrates how to write effective prose for a particular channel and the second offers practical help in delivering those products through message-delivery channels --Detailed case studies demonstrating how to translate research and planning into storytelling that addresses organizational problems --Unique chapters building important analytical literacies, such as search engine optimization tactics, marketing statistics analysis and data-driven audience targeting methods

Protest Public Relations

Communicating dissent and activism *Routledge*

Global movements and protests from the Arab Spring to the Occupy Movement have been attributed to growing access to social media, while without it, local causes like #bringbackourgirls and the ice bucket challenge may have otherwise remained unheard and unseen. Regardless of their nature – advocacy, activism, protest or dissent – and beyond the technological ability of digital and social media to connect support, these major events have all been the results of excellent communication and public relations. But PR remains seen only as the defender of corporate and capitalist interests, and therefore resistant to outside voices such as activists, NGOs, union members, protesters and whistle-blowers. Drawing on contributions from around the world to examine the concepts and practice of "activist," "protest" and "dissent" public relations, this book challenges this view. Using a range of international examples, it explores the changing nature of protest and its relationship with PR and provides a radical analysis of the communication strategies and tactics of social movements and activist groups and their campaigns. This thought-provoking collection will be of interest to

researchers and advanced students of public relations, strategic communication, political science, politics, journalism, marketing, and advertising, and also to PR professionals in think tanks and NGOs.

Strategic Communications Planning for Public Relations and Marketing

The basic principles of researched-based strategic planning remain unchanged

Primer of Public Relations Research, Third Edition *Guilford Publications*

Thousands of public relations (PR) students and professionals have relied on this authoritative text to understand the key role of research in planning and evaluating PR campaigns. Revised and expanded to reflect today's emphasis on standards-based practice, the third edition has a heightened emphasis on setting baselines, creating benchmarks, and assessing progress. Stacks presents step-by-step guidelines for using a wide range of qualitative and quantitative methods to track output, outtakes, and outcomes, and shows how to present research findings clearly to clients. Every chapter features review questions and a compelling practice problem. PowerPoint slides for use in teaching are provided at the companion website. Instructors requesting a desk copy also receive a supplemental Instructor's Manual with a test bank, suggested readings, and case studies. New to This Edition: *Chapter on standardization, moving beyond the prior edition's focus on best practices. *Chapter on different types of data sets, with attention to the advantages and disadvantages of using Big Data. *Addresses the strategic use of key performance indicators. *Covers the latest content analysis software. Pedagogical Features: *Each chapter opens with a chapter overview and concludes with review questions. *End-of-chapter practice problems guide readers to implement what they have learned in a PR project. *Appendix provides a dictionary of public relations measurement and research terms. *Supplemental Instructor's Manual and PowerPoint slides.

The Science of Selling

Proven Strategies to Make Your Pitch, Influence Decisions, and Close the Deal *Penguin*

The Revolutionary Sales Approach Scientifically Proven to Dramatically Improve Your Sales and Business Success Blending cutting-edge research in social psychology, neuroscience, and behavioral economics, The Science of Selling shows you how to align the way you sell with how our brains naturally form buying decisions, dramatically increasing your ability to earn more sales. Unlike other sales books, which primarily rely on anecdotal evidence and unproven advice, Hoffeld's evidence-based approach connects the dots between science and situations salespeople and business leaders face every day to help you consistently succeed, including proven ways to: - Engage buyers' emotions to increase their receptiveness to you and your ideas - Ask questions that line up with how the brain discloses information - Lock in the incremental commitments that lead to a sale - Create positive influence and reduce the sway of competitors - Discover the underlying causes of objections and neutralize them - Guide buyers through the necessary mental steps to make purchasing decisions Packed with advice and anecdotes, The Science of Selling is an essential resource for

anyone looking to succeed in today's cutthroat selling environment, advance their business goals, or boost their ability to influence others. **Named one of The 20 Most Highly-Rated Sales Books of All Time by HubSpot

Public Relations

Strategies and Tactics, Books a la Carte Plus MyCommunicationLab CourseCompass *Allyn & Bacon*

Designed to give your students the extra support they need to succeed in your classroom, our Study Edition of Wilcox's "Public Relations: Strategies and Tactics" offers perforated chapter practice tests at the end of the textbook that can be used as a study tool for students or as homework. Containing the same engaging and effective features that have made "Public Relations: Strategies and Tactics" such a success, the Study Edition offers an additional bonus: perforated chapter quizzes. Because the answers to the practice tests are not included in the Study Edition, instructors can use the tests as quizzes or as extra homework. Instructors can download the answer key and share it with students as they see fit. Comprehensive and current, "Public Relations: Strategies and Tactics, Ninth Edition" helps students better understand the basic concepts, strategies, and tactics practiced in public relations today. "Public Relations: Strategies and Tactics" combines numerous real-life case studies with core theoretical to help students relate theory to the actual practice of public relations. This comprehensive text is grounded in scholarship and includes references to landmark studies and time-honored public relations techniques. Written in a disarming and accessible style, this edition focuses on the application of technology and encourages students to think about creative uses of new media.

Public Relations Strategies and Tactics (Preliminary Edition) *Cognella Academic Publishing*

Public Relations

Theory and Practice *Routledge*

'This has always been the definitive text for PR in Australia. Public Relations: Theory and Practice is the complete companion for new and not-so-new practitioners. I'll be keeping a copy on my bookshelf.' - Tracy Jones, FPRIA former president, Public Relations Institute of Australia Public relations is a dynamic and rapidly growing field which offers a variety of career paths. Whether you're building the public image of an organisation, developing news and social media strategies, or managing issues for a company or political party, you need strong communication skills and a sound understanding of public relations processes. In this widely used introduction to professional practice, leading academics and practitioners outline the core principles of public relations in business, government and the third sectors. They show how to develop effective public relations strategies and explain how to research, run and evaluate a successful public relations campaign. Drawing on a range of communication and public relations theories, they discuss how to work with key publics, using all forms of media for maximum impact. It is richly illustrated with examples and case studies

from Australia, New Zealand, Asia and other countries. Public Relations has been substantially revised and includes newly written chapters on social media, tactics, integrated marketing communication, risk and crisis communication, public relations history, corporate and investor public relations, and law, as well as a new glossary of theoretical terms.

The Practice of Government Public Relations *Routledge*

Along with such traditional management tools as budgeting, HR, planning, and leadership, The Practice of Government Public Relations, Second Edition demonstrates that the 21st-century government administrator needs new tools to address the changing context of government communication. It provides public managers with an understanding of the uses of public relations as tools to advance the goals of public agencies, including media relations, an informed public, public branding, listening to the citizenry, and crisis management. While no manager can be an expert in all aspects of public administration, this book will help managers know what external communications tools are available to them for advancing the mission and results of their agencies. The authors argue that government public relations activities can serve three broad purposes: mandatory activities, which support governance; optional activities, which offer a pragmatic means of improving policy outcomes, inputs, and impacts; and dangerous but powerful activities, which may serve political interests. The book focuses on practitioners throughout the public sector, including the U.S. federal government, state and local governments, and public administrators outside of the U.S. Several new chapters address the use of digital communications as social media and the resultant rapid diffusion of information has transformed the responsibility, accessibility, and vulnerability of government communications. In addition, two new chapters examine the topic of branding, its growing influence in the public sector, and how it can be used to connect with citizens and increase public engagement. The Practice of Government Public Relations, Second Edition is designed to help government managers at various levels of administration looking to specialize in public relations, those assigned to communications offices, and program managers seeking innovative and cost-effective ways to implement their programmatic missions. It will also be of interest to students of publication administration who will become the government workers of the future.

Business for Communicators

The Essential Guide to Success in Corporate and Public Affairs *Routledge*

Business for Communicators provides future and current professional communicators with a hands-on, working knowledge of how businesses profit, grow, and adapt in their competitive environments. Corporate communicators aspire to sit at the decision-making table but too often fall short because of an inability to speak the language of business or effectively apply a business mindset to communication strategy. Business for Communicators provides the in-depth business literacy these professionals need, beyond just building the case for business intelligence or explaining business basics. The text delves into the details of corporate finance, accounting, marketing, strategy, operations, and economics to provide a theoretical grounding and a working knowledge that

business communicators can apply to every decision they make. Real world applications illustrate concepts covered, focus on the communication implications of business outcomes, and provide opportunities for extended learning and discussion. This book is an essential resource for advanced undergraduate and graduate students, as well as professional corporate communicators ready to enhance their influence and advance their careers with business acumen. An accompanying website, blog, email, and social media platforms provide additional resources, interaction, commentary, and responses to questions from educators and practitioners, as well as teaching materials for educators, at www.thecommunicatorsmba.com.

Cases in Public Relations Management

The Rise of Social Media and Activism *Routledge*

Developed for advanced students in public relations, *Cases in Public Relations Management* uses recent cases in public relations that had outcomes varying from expected to unsuccessful. The text challenges students to think analytically, strategically, and practically. Each case is based on real events, and is designed to encourage discussion, debate, and exploration of the options available to today's strategic public relations manager. Key features of this text include coverage of the latest controversies in current events, discussion of the ethical issues that have made headlines in recent years, and strategies used by public relations practitioners. Each case has extensive supplemental materials taken directly from the case for students' further investigation and discussion. The case study approach encourages readers to assess what they know about communication theory, the public relations process, and management practices, and prepares them for their future careers as PR practitioners. New to the second edition are: 27 new case studies, including coverage of social media and social responsibility elements New chapters on corporate social responsibility (CSR) and activism End-of-chapter exercises Embedded hyperlinks in eBook Fully enhanced companion website that includes: Instructor resources: PowerPoint presentations, Case Supplements, Instructor Guides Student resources: Quizzes, Glossary, Case Supplements

School Public Relations for Student Success *Corwin Press*

From components of successful PR programs to evaluation guidelines, this valuable resource gives educational leaders the public relations support needed to meet tough communication demands and ensure student success.

The Public Relations Handbook *Routledge*

In this updated edition of the successful *Public Relations Handbook*, a detailed introduction to the theories and practices of the public relations industry is given. Broad in scope, it; traces the history and development of public relations, explores ethical issues which affect the industry, examines its relationships with politics, lobbying organisations and journalism, assesses its professionalism and regulation, and advises on training and entry into the profession. It includes: interviews with press officers and PR agents about their working practices case studies, examples, press releases and illustrations from a range of campaigns including Railtrack, Marks and Spencer, Guinness and the

Metropolitan Police specialist chapters on financial public relations, global PR, business ethics, on-line promotion and the challenges of new technology over twenty illustrations from recent PR campaigns. In this revised and updated practical text, Alison Theaker successfully combines theoretical and organisational frameworks for studying public relations with examples of how the industry works in practice.

The Fat Tail

The Power of Political Knowledge in an Uncertain World (with a New Preface) *Oxford University Press*

As Ian Bremmer and Preston Keat reveal in this innovative book, volatile political events such as the 2008 Georgia-Russia confrontation--and their catastrophic effects on business--happen much more frequently than investors imagine. On the curve that charts both the frequency of these events and the power of their impact, the "tail" of extreme political instability is not reassuringly thin but dangerously fat. Featuring a new Foreward that accounts for the cataclysmic effects of the 2008 financial crisis, *The Fat Tail* is the first book to both identify the wide range of political risks that global firms face and show investors how to effectively manage them. Written by two of the world's leading figures in political risk management, it reveals that while the world remains exceedingly risky for businesses, it is by no means incomprehensible. Political risk is unpredictable, but it is easier to analyze and manage than most people think. Applying the lessons of world history, Bremmer and Keat survey a vast range of contemporary risky situations, from stable markets like the United States or Japan, where politically driven regulation can still dramatically effect business, to more precarious places like Iran, China, Russia, Turkey, Mexico, and Nigeria, where private property is less secure and energy politics sparks constant volatility. The book sheds light on a wide array of political risks--risks that stem from great power rivalries, terrorist groups, government takeover of private property, weak leaders and internal strife, and even the "black swans" that defy prediction. But more importantly, the authors provide a wealth of unique methods, tools, and concepts to help corporations, money managers, and policy makers understand political risk, showing when and how political risk analysis works--and when it does not. "The Fat Tail delivers practical wisdom on the impact of political risk on firms of every description and valuable advice on how to use it. Ian Bremmer and Preston Keat offer innovative thinking and useful insight that will help business decision-makers find fresh answers to questions they may not yet know they have." --Fareed Zakaria, best-selling author of *The Post-American World* "Political risk has become increasingly complex, and *The Fat Tail* provides a truly new way to quantitatively assess it in established and emerging markets. It is essential reading for any CEO with multinational interests." -Randall Stephenson, Chairman, CEO and President, AT&T Inc. "Should be essential reading for anyone involved in international business even--perhaps especially--in places that seem politically stable." --Bill Emmott, former editor-in-chief of *The Economist*

The Public Relations Strategic Toolkit

An Essential Guide to Successful Public Relations Practice *Routledge*

The Public Relations Strategic Toolkit provides a structured approach to understanding public relations and corporate communications. The focus is on professional skills development as well as approaches that are widely recognised as 'best practice'. Original methods are considered alongside well established procedures to ensure the changing requirements of contemporary practice are reflected.
