In some ways, I love Between the Sheets even more than Against the Wall, and if you'd asked me a day ago, I would have told you that was impossible. But where the first book had me all swoony with Matty's sweet patience and Shel's awesome insanity, this one had me positively drooling over Ty and breaking for Mel.

Rip appropriately sized pieces of drywall tape and place them along the seam between the sheets, then use the putty knife to apply drywall mud over the tape. As you apply the second coat of drywall mud, be mindful of the relationship between the two pieces of drywall. The mud should make a smooth transition between both sheets.

Caulk the Granite to the Wall If the granite has been installed with no 4-inch backsplash, the granite has probably been pushed up against the wall itself. Depending on how level the wall is, there may

be a slight gap between the wall and the granite. The backsplash tile must have a perfectly level and flat area to land against to avoid slipping.
