The Rolling Stone Album Guide, previously known as The Rolling Stone Record Guide, is a book that contains professional music reviews written and edited by staff members from Rolling Stone magazine. Its first edition was published in 1979 and its last in 2004. The guide can be seen at Rate Your Music, while a list of albums given a five star rating by the guide can be seen at Rocklist.net.

Many then-out-of-print albums are mentioned in accompanying reviews but are not included with ratings.
