Developing Language Speaking And Listening

Develop speaking and listening skills in young learners. Teaching young students how to speak is the most important area of learning. The best practice embeds speaking and listening across all aspects and areas of their education. Students use speaking and listening to solve problems, speculate, share ideas, make decisions and reflect on what is important.

Develop speaking and listening skills in young learners ...

The Natural Aural Approach focuses on developing listening and speaking with the effective use of hearing technology, to make the most of a child's residual hearing. It aims to help deaf children develop their hearing and speaking ability by using listening and talking in everyday life. The natural aural approach is very widely used.

Developing hearing and listening | Listening and talking ...

Book Description. Spoken Language is a key component of the primary national curriculum and is fundamental to children's language development and learning. The need for teachers to develop talk in its own right and also use talk as a means of learning is central to effective primary practice. In the past, Initial Teacher Education and CPD have focused on literacy (reading and writing) to the detriment of speaking and listening.
