Zebra Husbandry Manual

Husbandry Manuals Husbandry Manuals provide a wealth of best-practice information based on the collective experience of AZA facilities. The following taxon-specific documents are a valuable resource in the husbandry and care of ungulates.

Husbandry Manuals — AZA Ungulates

The manual includes information on the zebra's natural habitat, wild status, captive requirements, general health and breeding. The Plains zebra has been split into several sub-species over the years using genetic taxonomies and traditional taxonomies and some of these are having not been fully resolved.

Husbandry Guidelines for the Plains Zebra (*Equus burchelli*)

Standardisation protocols providing ranges of husbandry parameters are likely to be more successful and appropriate than the implementation of a set of fixed guidance values neglecting the empirically successful daily routines of many facilities and will better reflect the wide range of environmental parameters that characterise the natural habitats occupied by zebrafish.
