Walther P38 Worth Also, there seems to be less of a demand for P38s right now, and prices are a little depressed. Ordinarily, your pistol would be worth about \$750 and the holster would go for about \$225. Since it has an incorrect mag, and taking today's prices into account, I would say it would sell for around \$850.

Walther P38 Serial Number Location - studiosfastpower

Using the same conversion, that works out to about \$5 less than the Luger's \$19 USD cost per unit. Adjusted for inflation that is about \$240 for the P38 and \$330 for the Luger. To put that into some context, the U.S. Army paid roughly \$560 per gun for the Beretta M9 (adjusted for inflation, we think).
