Play is crucial to children as it allows them to fully understand and learn about the world around them. It provides opportunities for children to consolidate their existing knowledge and enhance it further.

Knowing when to join in children's play

Play and learning can not be divided during the earliest years because as children are finding out about what things do when they touch them and what they can do when sitting, crawling, cruising, clambering, climbing, standing, reaching, pulling, pushing and so on they are also gaining mastery and control of their bodies – so play is learning. At the

same time the sounds and words and gestures that they have experienced in interactions with others help babies to understand ways of relating ...

Importance of play for children I Starting Blocks

Learning through play is a term used in education and psychology to describe how a child can learn to make sense of the world around them. Through play children can develop social and cognitive skills, mature emotionally, and gain the self-confidence required to engage in new experiences and environments. Key ways that young children learn include playing, being with other people, being active, exploring and new experiences, talking to themselves, communication

with others, meeting physical and
