Family activity and eating habits questionnaire

"Parents bring foods into the house. They control how much time a child can watch TV. They control what kinds of social activities are paired with foods. And kids learn a huge amount about eating and physical activity from watching and imitating their parents." Epstein's research shows how important parents can be.

Shape Your Family's Habits | NIH News in Health

By punishing your kids with eating vegetables, or rewarding your kids with sweets, you are attaching emotions to these foods. Those vegetables will now be associated with fear and unhappiness, and those desserts will be associated with feelings of joy and reward. This is a slippery slope and may lead to emotional eating in the future.
