Killer (2003) - IMDb

The Birth of a Star . The stars took a long time to form, as gas drifting in the universe was drawn together by the force of gravity. This gas is mostly hydrogen, because it's the most basic and abundant element in the universe, although some of the gas might consist of some other elements. Enough of this gas begins gathering together under gravity and each atom is pulling on all of the other ...

The Life and Death of a Star - ThoughtCo

Life and death is a fundamental concept in the game of Go, where the status of a distinct group of stones is determined as either being "alive", where they may remain on the board indefinitely, or

"dead," where the group will be lost as "captured". The basic idea can be summarized by: A group must have two eyes to live.
