Generally, our evaluation of Gender Trouble Judith Butler has actually offered us with an abundant understanding of the story and its literary possibility. We very recommend this book to visitors that are seeking a thought-provoking and emotionally impactful read.

Gender Trouble

Feminism and the Subversion of Identity *Routledge*

One of the most talked-about scholarly works of the past fifty years, Judith Butler's Gender Trouble is as celebrated as it is controversial. Arguing that traditional feminism is wrong to look to a natural, 'essential' notion of the female, or indeed of sex or gender, Butler starts by questioning the category 'woman' and continues in this vein with examinations of 'the masculine' and 'the feminine'. Best known however, but also most often misinterpreted, is Butler's concept of gender as a reiterated social performance rather than the expression of a prior reality. Thrilling and provocative, few other academic works have roused passions to the same

extent.

Gender Trouble *CRC Press*

Judith Butler's *Gender Trouble* is a perfect example of creative thinking. The book redefines feminism's struggle against patriarchy as part of a much broader issue: the damaging effects of all our assumptions about gender and identity. Looking at the factionalism of contemporary (1980s) feminism, Butler saw a movement split by identity politics. Riven by arguments over what it meant to be a woman, over sexuality, and over class and race, feminism was falling prey to internal problems of identity, and was failing to move towards broader solidarity with other liberation movements such as LGBT. Butler turned these issues on their head by questioning the basis that supposedly fundamental and fixed identities such as 'masculine/feminine' or 'straight/gay' actually have. Tracing these binary definitions back to the binary nature of human anatomy ('male/female'), she argues that there is no necessary link between our anatomies and our identities. Subjecting a wide range of evidence from philosophy, cultural theory, anthropology, psychology and anthropology to a renewed search for meaning, Butler shows both that sex (biology) and gender (identity) are separate, and that even biological sex is not simplistically either/or male/female. Separating our biology from identity then allows her to argue that, while categories such as 'masculine/feminine/straight/gay' are real, they are not necessary; rather, they are the product of society's assumptions, and the constant reproduction of those assumptions by everyone around us. That opens up some small hope for change: a hope that – 25 years after

Gender Trouble's publication – is having a huge impact on societies and politics across the world.

Bodies That Matter

On the Discursive Limits of "Sex" *Routledge*

In *Bodies That Matter*, Judith Butler further develops her distinctive theory of gender by examining the workings of power at the most "material" dimensions of sex and sexuality. Deepening the inquiries she began in *Gender Trouble*, Butler offers an original reformulation of the materiality of bodies, examining how the power of heterosexual hegemony forms the "matter" of bodies, sex, and gender. Butler argues that power operates to constrain "sex" from the start, delimiting what counts as a viable sex. She offers a clarification of the notion of "performativity" introduced in *Gender Trouble* and explores the meaning of a citational politics. The text includes readings of Plato, Irigaray, Lacan, and Freud on the formation of materiality and bodily boundaries; "Paris is Burning," Nella Larsen's "Passing," and short stories by Willa Cather; along with a reconsideration of "performativity" and politics in feminist, queer, and radical democratic theory.

Gender Trouble

Tenth Anniversary Edition *Routledge*

Since its publication in 1990, *Gender Trouble* has become one of the key works of contemporary feminist theory, and an essential work for anyone interested in the study of gender, queer theory, or the politics of sexuality in culture.

Study Guide: Gender Trouble by Judith Butler (SuperSummary)

SuperSummary, a modern alternative to SparkNotes and CliffsNotes, offers high-quality study guides for challenging works of literature. This 51-page guide for "Gender Trouble" by Judith Butler includes detailed chapter summaries and analysis covering 3 chapters, as well as several more in-depth sections of expert-written literary analysis. Featured content includes commentary on major characters, 25 important quotes, essay topics, and key themes like Gender As Performative and Feminism and Queer Theory.

Gender Trouble Couplets:

Undoing Gender *Routledge*

Undoing Gender constitutes Judith Butler's recent reflections on gender and sexuality, focusing on new kinship, psychoanalysis and the incest taboo, transgender, intersex, diagnostic categories, social violence, and the tasks of social transformation. In terms that draw from feminist and queer theory, Butler considers the norms that govern--and fail to govern--gender and sexuality as they relate to the constraints on recognizable personhood. The book constitutes a reconsideration of her earlier view on gender performativity from *Gender Trouble*. In this work, the critique of gender norms is clearly situated within the framework of human persistence and survival. And to "do" one's gender in certain ways sometimes implies "undoing" dominant notions of personhood. She writes about the "New Gender Politics" that has emerged in recent years, a combination of movements concerned with transgender, transsexuality, intersex, and their complex relations to feminist and queer

theory.

Bodies that Matter

On the Discursive Limits of "sex" *Psychology Press*

The author of "Gender Trouble" further develops her distinctive theory of gender by examining the workings of power at the most material dimensions of sex and sexuality. Butler examines how the power of heterosexual hegemony forms the matter of bodies, sex, and gender.

The Judith Butler Reader *Wiley-Blackwell*

The Judith Butler Reader is a collection of writings that span her impressive career and trace her intellectual history. Judith Butler, author of influential books such as *Gender Trouble*, has built her international reputation as a theorist of power, gender, sexuality and identity. Organized in active collaboration between Judith Butler and Sara Salih, it collects together writings that span Butler's impressive career as a critical philosopher, including selections from both well-known and lesser-known works. Includes an introduction and editorial material to assist students in their readings of theories that stand at the forefront of contemporary theoretical and political debates.

Butler Matters

Judith Butler's Impact on Feminist and Queer Studies *Routledge*

Since the 1990 publication of *Gender Trouble*, Judith Butler has had a profound influence on how we understand gender and sexuality, corporeal politics, and political action both within and outside the academy. This collection, which considers not only *Gender Trouble* but

also *Bodies That Matter*, *Excitable Speech*, and *The Psychic Life of Power*, attests to the enormous impact Butler's work has had across disciplines. In analyzing Butler's theories, the contributors demonstrate their relevance to a wide range of topics and fields, including activism, archaeology, film, literature, pedagogy, and theory. Included is a two-part interview with Judith Butler herself, in which she responds to questions about queer theory, the relationship between her work and that of other gender theorists, and the political impact of her ideas. In addition to the editors, contributors include Edwina Barvosa-Carter, Robert Alan Brookey, Kirsten Campbell, Angela Failler, Belinda Johnston, Rosemary A. Joyce, Vicki Kirby, Diane Helene Miller, Mena Mitrano, Elizabeth M. Perry, Frederick S. Roden, and Natalie Wilson.

Judith Butler and Organization Theory *Routledge*

2020 will mark thirty years since the first publication of Judith Butler's groundbreaking book, *Gender Trouble*. Here, and in subsequent work, Butler argues that gender and other forms of identity can best be understood as performative acts. These acts are what bring our subjectivities into existence, enabling us

to be recognized as viable employable social beings, worthy of rights, responsibilities and respect. The three decades since the publication of *Gender Trouble* have witnessed Butler become one of the most widely cited and controversial figures in contemporary feminist thinking. While it is only in her most recent work that Butler has engaged directly with themes such as work and organization, her writing has profound implications for thinking, and acting, on the relationship between power, recognition and organization. Whilst her ideas have made important in-roads into work, organization and gender studies that are discussed here, there is considerable scope to explore further avenues that her concepts and theories open up. These inroads and avenues are the focus of this book. *Judith Butler and Organization Theory* makes a substantial contribution to the analysis of gender, work and organization. It not only covers central issues in Butler's work, it also offers a close reading of the complexities and nuances in her thought. It does so by 'reading' Butler as a theorist of organization, whose work resonates with scholars, practitioners and activists concerned to understand and engage with organizational life, organization and organizing. Drawing from a range of illustrative examples, the book examines key texts or 'moments' in the development of Butler's writing to date, positing her as a thinker concerned to understand and address the ways in which our most basic desire for recognition comes to be organized within the context of contemporary labour markets and workplaces. It examines insights from Butler's work, and the philosophical ideas she draws on, considering the impact of these on work,

organization and management studies thus far; it also explores some of the many ways in which her thinking might be mobilized in future, considering what scope there is for a non-violent ethics of organization, and for a (re)assembling of the relationship between vulnerability and resistance within and through organizational politics.

Understanding Judith Butler SAGE

"A rather perfect textbook at the right level. It opens up issues of transgender very well and is critical in just the right tone. Much needed in media and cultural studies." - Angela McRobbie, Goldsmiths
Acknowledged as one of the most influential thinkers of modern times, an understanding of Judith Butler's work is ever more essential to an understanding of not just the landscape of cultural and critical theory, but of the world around us. *Understanding Judith Butler*, however, can be perceived as a complex and difficult undertaking. It needn't be. Using contemporary and topical examples from the media, popular culture and everyday life, this lively and accessible introduction shows you how the issues, concepts and theories in Butler's work function as socio-cultural practices. Giving due consideration to Butler's earlier and most recent work, and showing how her ideas on subjectivity, gender, sexuality and language overlap and interrelate, this book will give you a better understanding not only of Butler's work, but of its applications to modern-day social and cultural practices and contexts.

Excitable Speech

A Politics of the Performative
Routledge

With the same intellectual courage with which she addressed issues of gender, Judith Butler turns her attention to speech and conduct in contemporary political life, looking at several efforts to target speech as conduct that has become subject to political debate and regulation. Reviewing hate speech regulations, anti-pornography arguments, and recent controversies about gay self-declaration in the military, Judith Butler asks whether and how language acts in each of these cultural sites.

Gender Politics and MTV

Voicing the Difference *Temple University Press*

The Force of Nonviolence

An Ethico-Political Bind *Verso Books*

"Judith Butler is the most creative and courageous social theorist writing today." - Cornel West "Judith Butler is quite simply one of the most probing, challenging, and influential thinkers of our time." - J. M. Bernstein Judith Butler's new book shows how an ethic of nonviolence must be connected to a broader political struggle for social equality. Further, it argues that nonviolence is often misunderstood as a passive practice that emanates from a calm region of the soul, or as an individualist ethical relation to existing forms of power. But, in fact, nonviolence is an ethical position found in the midst of the political field. An aggressive form of nonviolence accepts that hostility is part of our psychic constitution, but values ambivalence as a way of checking the conversion of aggression into violence. One contemporary challenge to a politics of nonviolence points out that

there is a difference of opinion on what counts as violence and nonviolence. The distinction between them can be mobilized in the service of ratifying the state's monopoly on violence. Considering nonviolence as an ethical problem within a political philosophy requires a critique of individualism as well as an understanding of the psychosocial dimensions of violence. Butler draws upon Foucault, Fanon, Freud, and Benjamin to consider how the interdiction against violence fails to include lives regarded as ungrievable. By considering how "racial phantasms" inform justifications of state and administrative violence, Butler tracks how violence is often attributed to those who are most severely exposed to its lethal effects. The struggle for nonviolence is found in movements for social transformation that reframe the grievability of lives in light of social equality and whose ethical claims follow from an insight into the interdependency of life as the basis of social and political equality.

Bodily Citations

Religion and Judith Butler *Columbia University Press*

In such works as *Gender Trouble* and *Bodies That Matter* Judith Butler broke new ground in understanding the construction and performance of identities. While Butler's writings have been crucial and often controversial in the development of feminist and queer theory, *Bodily Citations* is the first anthology centered on applying her theories to religion. In this collection scholars in anthropology, biblical studies, theology, ethics, and ritual studies use Butler's work to investigate a variety of topics in biblical, Islamic, Buddhist, and

Christian traditions. The authors shed new light on Butler's ideas and highlight their ethical and political import. They also broaden the scope of religious studies as they bring it into conversation with feminist and queer theory. Subjects discussed include the woman's mosque movement in Cairo, the ordination of women in the Catholic Church, the possibility of queer ethics, religious ritual, and biblical constructions of sexuality. Contributors include: Karen Trimble Alliaume, Lewis University; Teresa Hornsby, Drury University; Amy Hollywood, Harvard Divinity School; Christina Hutchins, Pacific School of Religion; Saba Mahmood, University of California, Berkeley; Susanne Mrozik, Mount Holyoke College; Claudia Schippert, University of Central Florida; Rebecca Schneider, Brown University; Ken Stone, Chicago Theological Seminary

Giving an Account of Oneself
Fordham Univ Press

What does it mean to lead a moral life? In her first extended study of moral philosophy, Judith Butler offers a provocative outline for a new ethical practice—one responsive to the need for critical autonomy and grounded in a new sense of the human subject. Butler takes as her starting point one's ability to answer the questions "What have I done?" and "What ought I to do?" She shows that these questions can be answered only by asking a prior question, "Who is this 'I' who is under an obligation to give an account of itself and to act in certain ways?" Because I find that I cannot give an account of myself without accounting for the social conditions under which I emerge, ethical reflection requires a turn to social theory. In three powerfully crafted and

lucidly written chapters, Butler demonstrates how difficult it is to give an account of oneself, and how this lack of self-transparency and narratibility is crucial to an ethical understanding of the human. In brilliant dialogue with Adorno, Levinas, Foucault, and other thinkers, she eloquently argues the limits, possibilities, and dangers of contemporary ethical thought. Butler offers a critique of the moral self, arguing that the transparent, rational, and continuous ethical subject is an impossible construct that seeks to deny the specificity of what it is to be human. We can know ourselves only incompletely, and only in relation to a broader social world that has always preceded us and already shaped us in ways we cannot grasp. If inevitably we are partially opaque to ourselves, how can giving an account of ourselves define the ethical act? And doesn't an ethical system that holds us impossibly accountable for full self-knowledge and self-consistency inflict a kind of psychic violence, leading to a culture of self-beratement and cruelty? How does the turn to social theory offer us a chance to understand the specifically social character of our own unknowingness about ourselves? In this invaluable book, by recasting ethics as a project in which being ethical means becoming critical of norms under which we are asked to act, but which we can never fully choose, Butler illuminates what it means for us as "fallible creatures" to create and share an ethics of vulnerability, humility, and ethical responsiveness.

Space, Gender, Knowledge: Feminist Readings
Routledge

'Space Gender Knowledge' is an innovative and comprehensive introduction to the geographies of

gender and the gendered nature of spatial relations. It examines the major issues raised by women's movements and academic feminism, and outlines the main shifts in feminist geographical work, from the geography of women to the impact of post-structuralism. In making their selection, the editors have drawn on a wide range of interdisciplinary material, ranging across spatial scales from the body to the globe. The book presents influential arguments for the importance of the intersection between space and gender. Looking both at geography and beyond the discipline, it explores the gendered construction of space and the spatial construction of gender. Divided into a number of conceptual sections, each prefaced by an editorial introduction, this reader includes extracts from both landmark texts and less well-known works, making it an indispensable introduction to this dynamic field of study.

Feminism/Postmodernism *Routledge*

In this anthology, prominent contemporary theorists assess the benefits and dangers of postmodernism for feminist theory. The contributors examine the meaning of postmodernism both as a methodological position and a diagnosis of the times. They consider such issues as the nature of personal and social identity today, the political implications of recent aesthetic trends, and the consequences of changing work and family relations on women's lives. Contributors: Seyla Benhabib, Susan Bordo, Judith Butler, Christine Di Stefano, Jane Flax, Nancy Fraser, Donna Haraway, Sandra Harding, Nancy Hartsock, Andreas Huyssen, Linda J. Nicholson, Elspeth Probyn, Anna Yeatman, Iris Young.

Bodies That Matter

On the Discursive Limits of "Sex"

Routledge

In *Bodies That Matter*, Judith Butler further develops her distinctive theory of gender by examining the workings of power at the most "material" dimensions of sex and sexuality. Deepening the inquiries she began in *Gender Trouble*, Butler offers an original reformulation of the materiality of bodies, examining how the power of heterosexual hegemony forms the "matter" of bodies, sex, and gender. Butler argues that power operates to constrain "sex" from the start, delimiting what counts as a viable sex. She offers a clarification of the notion of "performativity" introduced in *Gender Trouble* and explores the meaning of a citational politics. The text includes readings of Plato, Irigaray, Lacan, and Freud on the formation of materiality and bodily boundaries; "Paris is Burning," Nella Larsen's "Passing," and short stories by Willa Cather; along with a reconsideration of "performativity" and politics in feminist, queer, and radical democratic theory.

Undoing Gender *Psychology Press*

Butler addresses the regulation of sexuality and gender that takes place in psychology, aesthetics, and social policy. These essays deepen her treatment of issues introduced by earlier work on the relationship between power and the body, the meaning & purpose of the incest taboo, and the problems of kinship.

Ethics, Politics, and Difference in Julia Kristeva's Writing *Routledge*

First published in 1993. Routledge is an imprint of Taylor & Francis, an informa company.

Judith Butler *Psychology Press*

This introduction places Butler's ideas in their theoretical and philosophical contexts, analyzing her key works and their impact on contemporary thought.

Kindred *Beacon Press*

The visionary author's masterpiece pulls us—along with her Black female hero—through time to face the horrors of slavery and explore the impacts of racism, sexism, and white supremacy then and now. Dana, a modern black woman, is celebrating her twenty-sixth birthday with her new husband when she is snatched abruptly from her home in California and transported to the antebellum South. Rufus, the white son of a plantation owner, is drowning, and Dana has been summoned to save him. Dana is drawn back repeatedly through time to the slave quarters, and each time the stay grows longer, more arduous, and more dangerous until it is uncertain whether or not Dana's life will end, long before it has a chance to begin.

Herculine Barbin *Vintage*

With an eye for the sensual bloom of young schoolgirls, and the torrid style of the romantic novels of her day, Herculine Barbin tells the story of her life as a hermaphrodite. Herculine was designated female at birth. A pious girl in a Catholic orphanage, a bewildered adolescent enchanted by the ripening bodies of her classmates, a passionate lover of another schoolmistress, she is suddenly reclassified as a man. Alone and desolate, he commits suicide at the age of thirty in a miserable attic in Paris. Here, in an erotic diary, is one lost voice from our sexual past. Provocative, articulate, eerily prescient as she imagines her corpse under the probing

instruments of scientists, Herculine brings a disturbing perspective to our own notions of sexuality. Michel Foucault, who discovered these memoirs in the archives of the French Department of Public Hygiene, presents them with the graphic medical descriptions of Herculine's body before and after her death. In a striking contrast, a painfully confused young person and the doctors who examine her try to sort out the nature of masculine and feminine at the dawn of the age of modern sexuality.

Judith Butler**From Norms to Politics** *John Wiley & Sons*

With the publication of her highly acclaimed and much-cited book *Gender Trouble*, Judith Butler became one of the most influential feminist theorists of her generation. Her theory of gender performativity and her writings on corporeality, on the injurious capacity of language, on the vulnerability of human life to violence and on the impact of mourning on politics have, taken together, comprised a substantial and highly original body of work that has a wide and truly cross-disciplinary appeal. In this lively book, Moya Lloyd provides both a clear exposition and an original critique of Butler's work. She examines Butler's core ideas, traces the development of her thought from her first book to her most recent work, and assesses Butler's engagements with the philosophies of Hegel, Foucault, Derrida, Irigaray and de Beauvoir, as well as addressing the nature and impact of Butler's writing on feminist theory. Throughout Lloyd is particularly concerned to examine Butler's political theory, including her critical interventions in such contemporary

political controversies as those surrounding gay marriage, hate-speech, human rights, and September 11 and its aftermath. Judith Butler offers an accessible and original contribution to existing debates that will be an invaluable resource for students and scholars alike.

Judith Butler and Subjectivity

The Possibilities and Limits of the Human *Springer Nature*

This book contextualises philosophy by bringing Judith Butler's critique of identity into dialogue with an analysis of the transgressive self in dramatic literature. The author draws on Butler's reflections on human agency and subjectivity to offer a fresh perspective for understanding the political and ethical stakes of identity as formed within a complex web of relations with human and non-human others. The book first positions a detailed analysis of Butler's theory of subject formation within a broader framework of feminist philosophy and then incorporates examples and case studies from dramatic literature to argue that the subject is formed in relation to external forces, yet within its formation lies a space for transgressing the same environments and relations that condition the subject's existence. By virtue of a fundamental dependency on conditions and relations that bring human beings into existence, they emerge as political and ethical agents capable of resisting the formative forces of power and responding – ethically – to the call of others.

Judith Butler's Precarious Politics

Critical Encounters *Routledge*

Judith Butler has been arguably the most important gender theorist of the past twenty years. This edited volume draws leading international political theorists into dialogue with her political theory. Each chapter is written by an acclaimed political theorist and concentrates on a particular aspect of Butler's work. The book is divided into five sections which reflect the interdisciplinary nature of Butler's work and activism: *Butler and Philosophy*: explores Butler's unique relationship to the discipline of philosophy, considering her work in light of its philosophical contributions; *Butler and Subjectivity*: covers the vexed question of subjectivity with which Butler has engaged throughout her published history; *Butler and Gender*: considers the most problematic area, gender, taken by many to be primary to Butler's work; *Butler and Democracy*: engages with Butler's significant contribution to the literature of radical democracy and to the central political issues faced by our post-cold war world; *Butler and Action*: focuses directly on the question of political agency and political action in Butler's work. Along with its companion volume, *Judith Butler and Political Theory*, it marks an intellectual event for political theory, with major implications for feminism, women's studies, gender studies, cultural studies, lesbian and gay studies, queer theory and anyone with a critical interest in contemporary American 'great power' politics.

Judith Butler: Live Theory *A&C Black*

Offering an account of the work and thought of Judith Butler, this guide is meant for those studying this pioneering thinker within the context of sociology, cultural studies, literary criticism, feminism, and philosophy. It explores her contributions to gender theory, and

her impact on how the discipline of gender studies has been shaped.

Senses of the Subject *Fordham Univ Press*

This book brings together a group of Judith Butler's philosophical essays written over two decades that elaborate her reflections on the roles of the passions in subject formation through an engagement with Hegel, Kierkegaard, Descartes, Spinoza, Malebranche, Merleau-Ponty, Freud, Irigaray, and Fanon. Drawing on her early work on Hegelian desire and her subsequent reflections on the psychic life of power and the possibility of self-narration, this book considers how passions such as desire, rage, love, and grief are bound up with becoming a subject within specific historical fields of power. Butler shows in different philosophical contexts how the self that seeks to make itself finds itself already affected and formed against its will by social and discursive powers. And yet, agency and action are not necessarily nullified by this primary impingement. Primary sense impressions register this dual situation of being acted on and acting, countering the idea that acting requires one to overcome the situation of being affected by others and the linguistic and social world. This dual structure of sense sheds light on the desire to live, the practice and peril of grieving, embodied resistance, love, and modes of enthrallment and dispossession. Working with theories of embodiment, desire, and relationality in conversation with philosophers as diverse as Hegel, Spinoza, Descartes, Merleau-Ponty, Freud, and Fanon, Butler reanimates and revises her basic propositions concerning the constitution and deconstitution of the subject within fields of power, taking up key issues of

gender, sexuality, and race in several analyses. Taken together, these essays track the development of Butler's embodied account of ethical relations.

Antigone's Claim

Kinship Between Life and Death *Columbia University Press*

The celebrated author of *Gender Trouble* here redefines Antigone's legacy, recovering her revolutionary significance and liberating it for a progressive feminism and sexual politics. Butler's new interpretation does nothing less than reconceptualize the incest taboo in relation to kinship—and open up the concept of kinship to cultural change. Antigone, the renowned insurgent from Sophocles's *Oedipus*, has long been a feminist icon of defiance. But what has remained unclear is whether she escapes from the forms of power that she opposes. Antigone proves to be a more ambivalent figure for feminism than has been acknowledged, since the form of defiance she exemplifies also leads to her death. Butler argues that Antigone represents a form of feminist and sexual agency that is fraught with risk. Moreover, Antigone shows how the constraints of normative kinship unfairly decide what will and will not be a livable life. Butler explores the meaning of Antigone, wondering what forms of kinship might have allowed her to live. Along the way, she considers the works of such philosophers as Hegel, Lacan, and Irigaray. How, she asks, would psychoanalysis have been different if it had taken Antigone—the "postoedipal" subject—rather than Oedipus as its point of departure? If the incest taboo is reconceived so that it does not mandate heterosexuality as its solution, what forms of sexual alliance and new kinship

might be acknowledged as a result? The book relates the courageous deeds of Antigone to the claims made by those whose relations are still not honored as those of proper kinship, showing how a culture of normative heterosexuality obstructs our capacity to see what sexual freedom and political agency could be.

Butler and Ethics *Edinburgh University Press*

Bringing together a group of internationally renowned theorists, these 9 essays asks whether there has been an 'ethical turn' in Butler's work, exploring how ethics relate to politics and how they connect to her increasing concern with violence,

Judith Butler and Political Theory

Troubling Politics *Routledge*

Over the past twenty-five years the work of Judith Butler has had an extraordinary impact on numerous disciplines and interdisciplinary projects across the humanities and social sciences. This original study is the first to take a thematic approach to Butler as a political thinker. Starting with an explanation of her terms of analysis, *Judith Butler and Political Theory* develops Butler's theory of the political through an exploration of her politics of troubling given categories and approaches. By developing concepts such as normative violence and subversion and by elaborating her critique of heteronormativity, this book moves deftly between Butler's earliest and most famous writings on gender and her more recent interventions in post-9/11 politics. This book, along with its companion volume, *Judith Butler's Precarious Politics*, marks an intellectual event for political theory, with major

implications for feminism, women's studies, gender studies, cultural studies, lesbian and gay studies, queer theory and anyone with a critical interest in contemporary American 'great power' politics.

Do They Hear You When You Cry *Random House Digital, Inc.*

Relates the story of a young African woman who fled to the United States to escape ritual genital mutilation and was imprisoned for sixteen months

Oxford Handbook of Classics in Contemporary Political Theory

Judith Butler

Sexual Politics, Social Change and the Power of the Performative *Routledge*

Judith Butler's work on gender, sexuality, identity, and the body has proved massively influential across a range of academic disciplines in the humanities and social sciences. Yet it is also notoriously difficult to access. This key book provides a comprehensive introduction to Butler's work, plus a critical examination of it and its precursors, both feminist (including Simone de Beauvoir, Monique Wittig, Julia Kristeva and Luce Irigaray), and non-feminist (including Erving Goffman, Michel Foucault, Jacques Lacan, and Jacques Derrida). The volume covers such topics as: gender as performance and performativity sociological notions of performance the materiality of the body and the role of biology power, identity and social regulation subjectivity, agency and feminist political practice. A comprehensive introduction to Butler's work, this book also covers melancholia and gender identity, hate speech,

pornography and 'race', social change and transformation, and Butler's shifting relation to psychoanalysis. Clearly laid out to cover key themes for a student audience, this text will be an essential read for undergraduates in the fields of gender, psychoanalysis and sociology.

Subjects of Desire

Hegelian Reflections in Twentieth-Century France *Columbia University Press*

This classic work by one of the most important philosophers and critics of our time charts the genesis and trajectory of the desiring subject from Hegel's formulation in *Phenomenology of Spirit* to its appropriation by Kojève, Hyppolite, Sartre, Lacan, Deleuze, and Foucault. Judith Butler plots the French reception of Hegel and the successive challenges waged against his metaphysics and view of the subject, all while revealing ambiguities within his position. The result is a sophisticated reconsideration of the post-Hegelian tradition that has predominated in modern French thought, and her study remains a

provocative and timely intervention in contemporary debates over the unconscious, the powers of subjection, and the subject.

The Palgrave Handbook of Feminism and Sport, Leisure and Physical Education *Springer*

This handbook provides an original, comprehensive and unparalleled overview of feminist scholarship in sport, leisure and physical education. It captures the complexities of past, current and future developments in feminism while highlighting its theoretical, methodological and empirical applications. It also critically engages with policy and practice issues for women and girls taking part in sport and leisure pursuits and in physical education provision. The Palgrave Handbook of Feminism and Sport, Leisure and Physical Education is international in scope and includes the work of established and emerging feminist scholars. It will be of interest to students and scholars across a range of disciplines, including sociology, gender studies, sport sciences, and sports business and management.
