interminably repetitive translation conferences where the talk is all about the threat of global English and how much the world needs translations – since we all love languages, we all want more of them, more work on them, thus more translations.

On the direction of Translation Studies

Translation studies is an academic interdiscipline dealing with the systematic study of the theory, description and application of translation, interpreting, and localization. As an interdiscipline, Translation Studies borrows much from the various fields of study that support translation. These include comparative literature, computer

science, history, linguistics, philology, philosophy, semiotics, and terminology. The term translation studies was coined by the Amsterdam-based American scholar

Translation studies - Wikipedia
