In My Father's House *Vintage*

From the Pulitzer Prize-winning New York Times journalist: a pathbreaking examination of our huge crime and incarceration problem that looks at the influence of the family—specifically one Oregon family with a generations-long legacy of lawlessness. The United States

currently holds the distinction of housing nearly one-quarter of the world's prison population. But our reliance on mass incarceration, Fox Butterfield argues, misses the intractable reality: As few as 5 percent of families account for half of all crime, and only 10 percent account for two-thirds. In introducing us to the Bogle family, the author invites us to understand crime in this eye-opening new light. He chronicles the malignant legacy of criminality passed from parents to children, grandchildren, and even great-grandchildren. Examining the long history of the Bogles, a white family, Butterfield offers a revelatory look at

criminality that forces us to disentangle race from our ideas about crime and, in doing so, strikes at the heart of our deepest stereotypes. And he makes clear how these new insights are leading to fundamentally different efforts at reform. With his empathic insight and profound knowledge of criminology, Butterfield offers us both the indelible tale of one family's transgressions and tribulations, and an entirely new way to understand crime in America.

Notes My Father Left Me *Archway Publishing*

Notes My Father Left Me creates a detailed sketch of a widowed father who papered his own house with notes written to himself and to anyone else who might be around. When he died, his son, Ray Iallonardo, found the notes. He then decided to combine them with his own reminiscences and comments, creating an unusual portraiture of a man who held strong opinions and who found no details too small to merit his

attention. In the end, the fathers notes enabled him posthumously to become the straight man for his sons lovingly humorous and slightly sentimental musings. If you find joy in seeing the deep reserves of mirth that can flow from the tiny and mundane details of life and if you enjoy seeing someones likeness emerge from a mosaic of many small tiles, then you will enjoy reading the words and viewing the images in *Notes My Father Left Me*. When you are finished, you may find yourself tempted to post a note on the cover of this book: Keep this and read it again when I need to laugh.

In My Father's House

Africa in the Philosophy of Culture *Oxford University Press*

The beating of Rodney King and the resulting riots in South Central Los Angeles. The violent clash between Hasidim and African-Americans in Crown Heights. The boats of Haitian refugees being turned away from the Land of Opportunity. These are among the many racially-charged images that have burst across our television screens in the last year alone, images that show that for all our complacent beliefs in a melting-pot society, race is as much of a problem as ever in America. In this vastly important, widely-acclaimed volume, Kwame Anthony Appiah, a Ghanaian philosopher who now

teaches at Harvard, explores, in his words, "the possibilities and pitfalls of an African identity in the late twentieth century." In the process he sheds new light on what it means to be an African-American, on the many preconceptions that have muddled discussions of race, Africa, and Afrocentrism since the end of the nineteenth century, and, in the end, to move beyond the idea of race. In *My Father's House* is especially wide-ranging, covering everything from Pan Africanism, to the works of early African-American intellectuals such as Alexander Crummell and W.E.B. Du Bois, to the ways in which African identity influences African literature. In his discussion of the latter subject, Appiah demonstrates how attempts to construct a uniquely African literature have ignored not only the inescapable influences that centuries of contact with the West have imposed, but also the multicultural nature of Africa itself. Emphasizing this last point is Appiah's eloquent title essay which offers a fitting finale to the volume. In a moving first-person account of his father's death and funeral in Ghana, Appiah offers a brilliant metaphor for the tension between Africa's aspirations to modernity and its desire to draw on its ancient cultural roots. During the Los Angeles riots, Rodney King appeared on television

to make his now famous plea: "People, can we all get along?" In this beautiful, elegantly written volume, Appiah steers us along a path toward answering a question of the utmost importance to us all.

Faith of My Fathers

A Family Memoir
Random House
NEW YORK TIMES
BESTSELLER • Senator
John McCain’s deeply

moving memoir is the story of three generations of warriors and the ways that sons are shaped and enriched by their fathers. John McCain’s grandfather, a four-star admiral and one of the navy’s greatest commanders, led the strongest aircraft carrier force of the Third Fleet during World War II. McCain’s father, also a four-star admiral, served as commander of all U.S. forces in the Pacific during the Vietnam War. It was in Vietnam that John McCain III faced the most difficult challenge of his life. A naval aviator, he was shot down over Hanoi in 1967. Recognized as the son of a top commander, McCain was tortured and imprisoned for five and a half years. Despite

this, he refused great trouble, Vietnamese offers of suffering, and an early release. What challenge.”—Kirkus Reviews “A serious, utterly gripping account of faith, fathers, and the military.”—Publishers Weekly (starred review) “Faith of My Fathers may also appeal to those who flocked to Saving Private Ryan and kept Brokaw’s *The Greatest Generation* near the top of the bestseller lists.”—Library Journal “Faith of My Fathers is the powerful story of a war hero. In it we learn much of what matters most. As prisoner (and later Senator) McCain instructs us: Glory is not an end in itself, but rather a reward for valor and faith. And the greatest freedom and human fulfillment comes from engaging in a noble enterprise

larger than oneself. Faith of My Fathers teaches deep truths that are valid in any age but that warrant special attention in our own."—William J. Bennett

My Father's Paradise

A Son's Search for His Family's Past
Algonquin Books

National Book Critics Circle Award Winner for Autobiography: "A powerful story of the meaning of family and tradition inside a little-known culture" (San Francisco Chronicle). In a remote corner of the world, forgotten for nearly three thousand

years, lived an enclave of Kurdish Jews so isolated that they still spoke Aramaic, the language of Jesus. Mostly illiterate, they were self-made mystics, gifted storytellers, and humble peddlers who dwelt in harmony with their Muslim and Christian neighbors in the mountains of northern Iraq. To these descendants of the Lost Tribes of Israel, Yona Sabar was born. Yona's son, Ariel, grew up in Los Angeles, where Yona had become an esteemed professor, dedicating his career to preserving his people's traditions. Ariel wanted nothing to do with his father's strange immigrant heritage—until he had a son of his own. Ariel Sabar brings to life the

ancient town of Zakho, discovering his family's place in the sweeping saga of Middle Eastern history. This powerful book is an improbable story of tolerance and hope set in what today is the very center of the world's attention. "Graceful and resonant . . . A personal undertaking for a son who admits he never understood his unassuming, penny-pinching immigrant father." —The New York Times Book Review "Sabar's family history turns out to be more than the chronicle of one man's efforts to retain something of his homeland in new surroundings. It's also a moving story about the near-death of an ancient language and the tiny flicker of life that remains in it."

Dreams from My Father

A Story of Race and Inheritance *Crown*

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama “guides us straight to the intersection of the most serious questions of identity, class, and race” (The Washington Post Book World). “Quite extraordinary.”—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a

white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother’s family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father’s life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* “Beautifully crafted . . . moving and candid . . . This book belongs on the shelf

beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color,

but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of *In My Place* "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman

My Father Left Me

Ireland

An American Son's Search For Home *Penguin*

The perfect gift for parents this Father's Day: a beautiful, gut-wrenching memoir of Irish identity, fatherhood, and what we owe to the past. "A heartbreaking and redemptive book, written with courage and grace." -J.D. Vance, author of *Hillbilly Elegy* "...a lovely little book." -Ross Douthat, *The New York Times* The child of an Irish man and an Irish-American woman who split up before he was born, Michael Brendan Dougherty grew up with an acute sense of absence. He was raised in New Jersey by his hard-working single mother, who gave him

a passion for Ireland, the land of her roots and the home of Michael's father. She put him to bed using little phrases in the Irish language, sang traditional songs, and filled their home with a romantic vision of a homeland over the horizon. Every few years, his father returned from Dublin for a visit, but those encounters were never long enough. Devastated by his father's departures, Michael eventually consoled himself by believing that fatherhood was best understood as a check in the mail. Wearied by the Irish kitsch of the 1990s, he began to reject his mother's Irish nationalism as a romantic myth. Years later, when Michael found out that he would soon be a father himself, he could no longer afford to be jaded; he would need to tell his daughter who she is and where she comes from. He immediately re-immersed himself in the biographies of firebrands like Patrick Pearse and studied the Irish language. And he decided to reconnect with the man who had left him behind, and the nation just over the horizon. He began writing letters to his father about what he remembered, missed, and longed for. Those letters would become this book. Along the way, Michael realized that his longings were shared by many Americans of every ethnicity and background. So many of us these days lack a clear sense of our

cultural origins or even a vocabulary for expressing this lack--so we avoid talking about our roots altogether. As a result, the traditional sense of pride has started to feel foreign and dangerous; we've become great consumers of cultural kitsch, but useless conservators of our true history. In these deeply felt and fascinating letters, Dougherty goes beyond his family's story to share a fascinating meditation on the meaning of identity in America.

Few other books in our time have touched so many readers.

Fences *Penguin*

From legendary playwright August Wilson comes the

powerful, stunning dramatic bestseller that won him critical acclaim, including the Tony Award for Best Play and the Pulitzer Prize. Troy Maxson is a strong man, a hard man. He has had to be to survive. Troy Maxson has gone through life in an America where to be proud and black is to face pressures that could crush a man, body and soul. But the 1950s are yielding to the new spirit of liberation in the 1960s, a spirit that is changing the world Troy Maxson has learned to deal with the only way he can, a spirit that is making him a stranger, angry and afraid, in a world he never knew and to a wife and son he understands less and less. This is a modern classic, a book

that deals with the impossibly difficult themes of race in America, set during the Civil Rights Movement of the 1950s and 60s. Now an Academy Award-winning film directed by and starring Denzel Washington, along with Academy Award and Golden Globe winner Viola Davis.

Into the Wild *Anchor*
Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning."
—New York Times
In April 1992 a young man from a well-to-do family hitchhiked to

Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license

plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interst that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn

out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every

page.

1000 Years of Joys and Sorrows

A Memoir Crown

In Ai Weiwei's widely anticipated memoir, "one of the most important artists working in the world today" (Financial Times) tells a century-long epic tale of China through the story of his own extraordinary life and the legacy of his father, the nation's most celebrated poet. "With uncommon humanity, humbling scholarship, and poignant intimacy, Ai Weiwei recounts a life of courage, argument, defeat, and triumph.

His is one of the great voices of our time.”—Andrew Solomon Hailed as “an eloquent and seemingly unsilenceable voice of freedom” by The New York Times, Ai Weiwei has written a sweeping memoir that presents a remarkable history of China over the last hundred years while also illuminating his artistic process. Once an intimate of Mao Zedong and the nation’s most celebrated poet, Ai Weiwei’s father, Ai Qing, was branded a rightist during the Cultural Revolution, and he and his family were banished to a desolate place known as “Little Siberia,” where Ai Qing was sentenced to hard labor cleaning public toilets. Ai Weiwei recounts his childhood in exile, and his difficult decision to leave his family to study art in America, where he befriended Allen Ginsberg and was inspired by Andy Warhol. With candor and wit, he details his return to China and his rise from artistic unknown to art world superstar and international human rights activist—and how his work has been shaped by living under a totalitarian regime. Ai Weiwei’s sculptures and installations have been viewed by millions around the globe, and his architectural achievements include helping to design the iconic Bird’s Nest Olympic Stadium in Beijing. His political activism has long made him a target of

the Chinese authorities, which culminated in months of secret detention without charge in 2011. Here, for the first time, Ai Weiwei explores the origins of his exceptional creativity and passionate political beliefs through his life story and that of his father, whose creativity was stifled. At once ambitious and intimate, Ai Weiwei's 1000 Years of Joys and Sorrows offers a deep understanding of the myriad forces that have shaped modern China, and serves as a timely reminder of the urgent need to protect freedom of expression.
