A defining feature of magic, Gosden tells us, is the belief that the human mind and the cosmos are in some sense one and the same: "Through magic we can explore mutuality: how we are joined to the rest of the universe and the manner in which we can affect things around us through ways of participating, which have as a central element a set of moral concerns."

The realism of magic - New Statesman

The Magic of Reality provides a beautiful, accessible and wide ranging volume that addresses the questions that all of us have about the universe, separating often too-little known facts from too-frequently believed fictions. For this reason it should be a powerful resource for people of all ages, written with the masterful and eloquently literate style of perhaps the best popular expositor of science, Richard Dawkins, and delightfully illustrated by Dave McKean.

The Magic of Reality on Apple Books

The magic of reality is not only a wonderful book for kids but for the grown ups. I think this book is a beautiful way to give kids tools to judge for their selves. I come from South America. My family is Roman Catholic. As a child I was sent to "study" Catechism but I didn't make it to the end. I was fired.
