Que Vivan Los Tamales!**Food and the Making of Mexican Identity** *UNM Press*

Connections between what people eat and who they are--between cuisine and identity--reach deep into Mexican history, beginning with pre-Columbian inhabitants offering sacrifices of human flesh to maize gods in hope of securing plentiful crops. This cultural history of food in Mexico traces the influence of gender, race, and class on food preferences from Aztec times to the present and relates cuisine to the formation of national identity. The metate and mano, used by women for grinding corn and chiles since pre-Columbian times, remained essential to preparing such Mexican foods as tamales, tortillas, and mole poblano well into the twentieth century. Part of the ongoing effort by intellectuals and political leaders to Europeanize Mexico was an attempt to replace corn with wheat. But native foods and flavors persisted and became an essential part of indigenista ideology and what it meant to be authentically Mexican after 1940, when a growing urban middle class appropriated the popular native foods of the lower class and proclaimed them as national cuisine.

The White Darkness *Doubleday*

By the #1 New York Times bestselling author of *Killers of the Flower Moon*, a powerful true story of adventure and obsession in the Antarctic, lavishly illustrated with color photographs Henry Worsley was a devoted husband and father and a decorated British special forces officer who believed in honor and sacrifice. He was also a man obsessed. He spent his life idolizing Ernest Shackleton, the nineteenth-century polar explorer, who tried to become the first person to reach the South Pole, and later sought to cross Antarctica on foot. Shackleton never completed his journeys, but he repeatedly rescued his men from certain death, and emerged as one of the greatest leaders in history. Worsley felt an overpowering connection to those expeditions. He was related to one of Shackleton's men, Frank Worsley, and spent a fortune collecting artifacts from their epic treks across the continent. He modeled his military command on Shackleton's legendary skills and was determined to measure his own powers of endurance against them. He would succeed where Shackleton had failed, in the most brutal landscape in the world. In 2008, Worsley set out across Antarctica with two other descendants of Shackleton's crew, battling the freezing, desolate landscape, life-threatening physical exhaustion, and hidden crevasses. Yet when he returned home he felt compelled to go back. On November 13, 2015, at age 55, Worsley bid farewell to his family and embarked on his most perilous quest: to walk across Antarctica alone. David Grann tells Worsley's remarkable story with the intensity and power that have led him to be called "simply the best narrative nonfiction writer working today." Illustrated with more than fifty stunning photographs from Worsley's and Shackleton's journeys, *The White Darkness* is both a gorgeous keepsake volume and a spellbinding story of courage, love, and a man pushing himself to the extremes of human capacity.

How to Make an American Quilt**A Novel** *Ballantine Books*

"Remarkable . . . It is a tribute to an art form that allowed women self-expression even when society did not. Above all, though, it is an affirmation of the strength and power of individual lives, and the way they cannot help fitting together."—The New York Times Book Review An extraordinary and moving novel, *How to Make an American Quilt* is an exploration of women of yesterday and today, who join together in a uniquely female experience. As they gather year after year, their stories, their

wisdom, their lives, form the pattern from which all of us draw warmth and comfort for ourselves. The inspiration for the major motion picture featuring Winona Ryder, Anne Bancroft, Ellen Burstyn, and Maya Angelou Praise for *How to Make an American Quilt* "Fascinating . . . highly original . . . These are beautiful individual stories, stitched into a profoundly moving whole. . . . A spectrum of women's experience in the twentieth century."—Los Angeles Times "Intensely thoughtful . . . In Grasse, a small town outside Bakersfield, the women meet weekly for a quilting circle, piercing together scraps of their husbands' old workshirts, children's ragged blankets, and kitchen curtains. . . . Like the richly colored, well-placed shreds that make up the substance of an American quilt, details serve to expand and illuminate these characters. . . . The book spans half a century and addresses not only [these women's] histories but also their children's, their lovers', their country's, and in the process, their gender's."—San Francisco Chronicle "A radiant work of art . . . It is about mothers and daughters; it is about the estrangement and intimacy between generations. . . . A compelling tale."—The Seattle Times

Chocolat *Anchor Canada*

When the exotic stranger Vianne Rocher arrives in the old French village of Lansquenet and opens a chocolate boutique called "La Celeste Praline" directly across the square from the church, Father Reynaud identifies her as a serious danger to his flock. It is the beginning of Lent: the traditional season of self-denial. The priest says she'll be out of business by Easter. To make matters worse, Vianne does not go to church and has a penchant for superstition. Like her mother, she can read Tarot cards. But she begins to win over customers with her smiles, her intuition for everyone's favourites, and her delightful confections. Her shop provides a place, too, for secrets to be whispered, grievances aired. She begins to shake up the rigid morality of the community. Vianne's plans for an Easter Chocolate Festival divide the whole community. Can the solemnity of the Church compare with the pagan passion of a chocolate éclair? For the first time, here is a novel in which chocolate enjoys its true importance, emerging as an agent of transformation. Rich, clever, and mischievous, reminiscent of a folk tale or fable, this is a triumphant read with a memorable character at its heart. Says Harris: "You might see [Vianne] as an archetype or a mythical figure. I prefer to see her as the lone gunslinger who blows into the town, has a showdown with the man in the black hat, then moves on relentless. But on another level she is a perfectly real person with real insecurities and a very human desire for love and acceptance. Her qualities too - kindness, love, tolerance - are very human." Vianne and her young daughter Anouk, come into town on Shrove Tuesday. "Carnivals make us uneasy," says Harris, "because of what they represent: the residual memory of blood sacrifice (it is after all from the word "carne" that the term arises), of pagan celebration. And they represent a loss of inhibition; carnival time is a time at which almost anything is possible." The book became an international best-seller, and was optioned to film quickly. The Oscar-nominated movie, with its star-studded cast including Juliette Binoche (*The English Patient*) and Judi Dench (*Shakespeare in Love*), was directed by Lasse Hallstrom, whose previous film *The Cider House Rules* (based on a John Irving novel) also looks at issues of community and moral standards, though in a less lighthearted vein. The idea for the book came from a comment her husband made one day while he was immersed in a football game on TV. "It was a throwaway

comment, designed to annoy and it did. It was along the lines of...Chocolate is to women what football is to men..." The idea stuck, and Harris began thinking that "people have these conflicting feelings about chocolate, and that a lot of people who have very little else in common relate to chocolate in more or less the same kind of way. It became a kind of challenge to see exactly how much of a story I could get which was uniquely centred around chocolate." Rich with metaphor and gorgeous writing...sit back and gorge yourself on Chocolat.

A Little Lumpen Novelita *New Directions Publishing*

Published in Spain just before Bolano's death, A Little Lumpen Novelita percolates with a fierce and tender love of women “Now I am a mother and a married woman, but not long ago I led a life of crime”: so Bianca begins her tale of growing up the hard way in Rome. Orphaned overnight as a teenager—“our parents died in a car crash on their first vacation without us”—she drops out of school, gets a crappy job, and drifts into bad company. Her younger brother brings home two petty criminals who need a place to stay. As the four of them share the family apartment and plot a strange crime, Bianca learns how low she can fall. Electric, tense with foreboding, and written in jagged, propulsive chapters, A Little Lumpen Novelita delivers a surprising, fractured fable of seizing control of one's fate.
