A sustainable society builds upon the commitment of its members to conform to these rules voluntarily, and it enforces them when necessary. One final note about ethical discourse in general as it pertains to the issue of sustainability. Ethical

analysis is deeply affected by the initial ontological starting point or orientation one assumes.

Ethical Aspects of Sustainability | Center for Humans & Nature

In Design Futuring: Sustainability, Ethics and New Practice, Tony Fry calls for a complete reconceptualisation of the practice of design. He wants to change how design is taught in schools, how the public perceives the profession that provides the objects they covet and consume, and most importantly, he wants designers to transform how they define and practice design.
