The hidden curriculum is a learning dimension made up of culturally acquired, unintended lessons. Although nurse educators are not fully aware of it, through the hidden curriculum students are prepared for adult professional roles, internalising professional values and developing a professional identity. However, academic nursing education has paid relatively scarce attention to it.

The hidden curriculum in nursing education: a scoping ...

There are two main ways in which authors discuss the hidden curriculum. One is in terms of the unstated expectations and norms that pupils must learn in order to perform well in assessments, and the other is the hidden goals of education. There is a close relationship between the two, since it is through assessments that a curriculum gains its power and influence.

The 'hidden curriculum' and how it affects learners

The hidden curriculum is all those things that we teach in schools that aren't written down in syllabus documents. The visible curriculum is what we're told to teach: mathematics, science, languages, and so forth. But there is a lot more that goes on at school besides. In fact, school is a place where we're subtly taught how to behave, walk, speak, wear our clothing, interact, and so on.

Hidden Curriculum in Education: Definition & Examples ...

Abstract. The so-called 'hidden curriculum' (HC) is often presented as a counterproductive element in education, and many scholars argue that it should be eliminated, by being made explicit, in education in general and specifically in higher education (HE). The problem of the HC has not been solved by the transition from a teacher-centered education to a student-centered educational model

that takes the student's experience as the starting point of learning.
