Banking, Trade and Industry

Europe, America and Asia from the Thirteenth to the Twentieth Century *Cambridge University Press*

An account of the rise of banking since the Middle Ages and its place in the modern international economy, first published in 1997.

Remembering Parthenope

The Reception of Classical Naples from Antiquity to the Present *Oxford University Press, USA*

This edited collection focuses on how the ancient past of the city of Naples has been invented, shaped, transmitted, and received in literature, art, and material culture since the time of the city's foundation. Adopting a chronological approach, chapters examine important moments in Naples' reception history from the Roman period (when the city was already several centuries old) to the present day. Among the topics covered are representations of the city's early history and mythology in texts and temples of the Roman period; later uses of Roman spolia (marble sculptures and

architectural elements) in Christian churches; the importance of antiquity to the rulers of the Angevin and Swabian periods; the appropriation of the city's classical heritage by Renaissance humanists; the image of the 'local' poets Virgil and Statius in later eras; humanist images of the ancient aqueducts and catacombs that ran beneath the city; representations of classical monuments in early modern city guides; images of ancient ruins in contemporary Catholic nativity scenes; and the archaeology and philosophy of the city's Metro system. Featuring contributions from an interdisciplinary range of scholars, this comprehensive volume provides a highly accessible point of entry into the vast bibliography on ancient Naples.

Financial Innovation and Resilience

A Comparative Perspective on the Public Banks of Naples (1462-1808) *Springer*

As Ignazio Visco, Governor of the Bank of Italy, says in his Foreword, all economic policy makers today need to re-examine our history to help them confront the challenges of today. This edited volume focuses specifically on the theme of financial innovation and how financial resiliency was achieved in Naples. To highlight both the achievements of the public banks of Naples and their lessons for financial resiliency, the book focuses on financial crises and how they were overcome in Naples in contrast to other European financial systems. The first section focuses on the development of the public banks unique to Naples. The second section compares those with other banking systems and how they responded to the same shock in 1622, caused by

the full mobilization of European belligerents to finance their efforts in the Thirty Years War. The next section compares lessons learned in the rest of Europe over the next century and a half. The final section comes back to original start of the narrative arc to suggest ways that today's policymakers and thinkers could use the historical experience of the public banks of Naples to deal better with the ongoing problems stemming from the financial crisis of 2007-08.

The Four Horsemen

Riding to Liberty in Post-Napoleonic Europe *Oxford University Press*

In a series of revolts starting in 1820, four military officers rode forth on horseback from obscure European towns to bring political freedom and a constitution to Spain, Naples, and Russia; and national independence to the Greeks. The men who launched these exploits from Andalusia to the snowy fields of Ukraine--Colonel Rafael del Riego, General Guglielmo Pepe, General Alexandros Ypsilanti, and Colonel Sergei Muraviev-Apostol--all

hoped to overturn the old order. Over the next six years, their revolutions ended in failure. The men who led them became martyrs. In *The Four Horsemen*, the late, eminent historian Richard Stites offers a compelling narrative history of these four revolutions. Stites sets the stories side by side, allowing him to compare events and movements and so illuminate such topics as the transfer of ideas and peoples across frontiers, the formation of an international community of revolutionaries, and the appropriation of Christian symbols and language for secular purposes. He shows how expressive behavior and artifacts of all kinds--art, popular festivities, propaganda, and religion--worked their way to various degrees into all the revolutionary movements and regimes. And he documents as well the corruption, abandonment of liberal values, and outright betrayal of the revolution that emerged in Spain and Naples; the clash of ambitions and ideas that wracked the unity of the Decembrists' cause; and civil war that erupted in the midst of the Greek struggle for independence. Richard Stites was one of the most imaginative and broad-ranging historians working in the United States. This book is his last work, a classic example of his dazzling knowledge and idiosyncratic yet accessible writing style. The culmination of an esteemed career, *The Four Horsemen* promises to enthrall anyone interested in nineteenth-century Europe and the history of revolutions.

particular concern for the “Neapolitan marbles” and the circumstances of their dispersal.

The Cost of Empire

The Finances of the Kingdom of Naples in the Time of Spanish Rule *Cambridge University Press*

A uniquely broad, comprehensive and sophisticated analysis of an early modern fiscal system.

Medieval Italy

An Encyclopedia *Routledge*

This Encyclopedia gathers together the most recent scholarship on Medieval Italy, while offering a sweeping view of all aspects of life in Italy during the Middle Ages. This two volume, illustrated, A-Z reference is a cross-disciplinary resource for information on literature, history, the arts, science, philosophy, and religion in Italy between A.D. 450 and 1375. For more information including the introduction, a full list of entries and contributors, a generous selection of sample pages, and more, visit the Medieval Italy: An Encyclopedia website.

Putting Tradition into Practice: Heritage, Place and Design

Proceedings of 5th INTBAU International Annual Event *Springer*

This book gathers more than 150 peer-reviewed papers presented at the 5th INTBAU International Annual Event, held in

Milan, Italy, in July 2017. The book represents an invaluable and up-to-date international exchange of research, case studies and best practice to confront the challenges of designing places, building cultural landscapes and enabling the development of communities. The papers investigate methodologies of representation, communication and valorization of historic urban landscapes and cultural heritage, monitoring conservation management, cultural issues in heritage assessment, placemaking and local identity enhancement, as well as reconstruction of settlements affected by disasters. With contributions from leading experts, including university researchers, professionals and policy makers, the book addresses all who seek to understand and address the challenges faced in the protection and enhancement of the heritage that has been created.

Inventing the Pizzeria

A History of Pizza Making in Naples *Bloomsbury Publishing*

Pizza is one of the best-known and widely exported Italian foods and yet relatively little is known about its origins in the late 18th and early 19th centuries. Myths such as the naming of pizza margherita after the Italian queen abound, but little serious scholarly attention has been devoted to the topic. Eschewing exaggerated fables, this book draws a detailed portrait of the difficulties experienced by the then marginalized class of pizza makers, rather than the ultimate success of their descendants. It provides a unique exploration of the history of pizza making in Naples, offering an archival-based history of the early story of

pizza and the establishment of the pizzeria. Touching upon issues of politics, economics and sociology, *Inventing the Pizzeria* contributes not only to the commercial, social and food history of Italy but also provides an urban history of a major European city,

told through one of its most famous edible exports. Originally published in Italian, this English edition is updated with a revised introduction and conclusion, a new preface and additional images and sources.
