Mysticism And Philosophical
Analysis

Steven T. Katz (ed.), in *Mysticism and Philosophical Analysis*, Oxford University Press, 1978. 272 pages. That Steven T. Katz at no point explicitly defines mysticism is not in the least bit surprising. For the entirety of Katz's work could be understood – indeed, as he tells us his essay “Language, Epistemology

and Mysticism,” should be understood – as a “plea for the recognition of differences” (LEM, 25).

Mysticism and Philosophical Analysis | Steven T. Katz ...

Under the influence of William James' The Varieties of Religious Experience, philosophical interest in mysticism has been heavy in distinctive, allegedly

knowledge-granting “mystical experiences.”. Philosophers have focused on such topics as the classification of mystical experiences, their nature in different religions and mystical traditions, to what extent mystical experiences are conditioned by a mystic’s language and culture, and whether mystical experiences furnish evidence for ...

[PDF] Mysticism And Philosophical Analysis

Metaphysics is the branch of philosophy that examines the fundamental nature of reality, including the relationship between mind and matter, between substance and attribute, and between potentiality and actuality. The word "metaphysics" comes from two Greek words that, together, literally mean

"after or behind or among [the study of] the natural".
