PMP Exam Prep 2021 & 2022

"Mometrix Test Preparation's PMP Exam Prep 2021 and 2022 - Project Management Professional Certification Secrets Study Guide is the ideal prep solution for anyone who wants to pass their Project Management Professional Exam. The exam is extremely challenging, and thorough test preparation is essential for success. Our study guide includes: Practice test questions with detailed answer explanations ; Tips and strategies to help you get your best test performance ; A complete review of all PMBoK sections. PMP is a certification mark of the Project Management Institute, which was not involved in the production of, and does not endorse, this product. The Mometrix guide is filled with the critical information you will need in order to do well on your PMP exam: the concepts, procedures, principles, and vocabulary that the Project Management Institute (PMI) expects you to have mastered before sitting for your exam. PMBoK sections include: Foundational Elements ; Project Operating Environment ; Role of the Project Manager ; Project Integration Management ; Project Scope Management ; Project Schedule Management ; Project Cost Management ; Project Quality Management ; Project Resource Management ; Project Communications Management ; Project Risk Management ; Project Procurement Management ; Project Stakeholder Management ...and much more! Our guide is full of specific and detailed information that will be key to passing your exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The Mometrix PMP study guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answer explanations, and that's another area where our guide stands out. The Mometrix test prep team has provided plenty of PMP practice test questions to prepare you for what to expect on the actual exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped hundreds of thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for Mometrix Test Preparation guides, and our PMP Exam Prep 2021 and 2022 - Project Management Professional Certification Secrets Study Guide is no exception. It's an excellent investment in your future. Get the PMP review you need to be successful on your exam." --

The Sensible Guide to Program Management Professional (PgMP)® Success *CRC Press*

A Sensible Guide to Program Management Professional (PgMP)® Success is for program managers preparing to take the PgMP exam based on The Standard for Program Management – 4th Edition (PgM4 Standard). It is designed for busy professionals whose responsibilities have taken them into the realm of coordinating, facilitating, managing, and leading programs. Program managers are leaders who are directly managing large amounts of project resources for their organizations. This study guide addresses three main concerns facing PgMP exam candidates: What are the essential concepts, processes, and tools that form the foundation of today's program management? Since program management is still an emerging profession with professionals often working in different ways, what does this mean for a "standard" exam? More specifically, how does that impact your ability to pass the PgMP exam? What is the best way to prepare for the PgMP exam? To address the first concern, this book highlights the underlying rationale for program management: why it exists in organizations; why it is becoming ever more important; what programs are, especially for the purpose of

passing the exam; how to think like a portfolio manager; and what the most important concepts, processes, and tools are for this profession. By simplifying complex ideas and communicating them in plain English with relevant examples, this book aims to help readers not only to pass the PgMP exam but also to serve as an essential guide for program managers. For the second concern, this book differs from other study guides by describing the author's personal experience as a program manager and addressing the most pressing questions for each of the performance domains in The Standard for Program Management. To address the last concern, this book contains 420 practice questions, access to an online exam simulator and an online PgMP community, and a time-tested approach for passing the PgMP exam.

PMP Project Management Professional Exam Review Guide *John Wiley & Sons*

PMP® in Depth

Project Management Professional Certification Study Guide for the PMP® Exam Apress

Use this study guide to prepare for the Project Management Professional (PMP) exam administered by the Project Management Institute (PMI). The revised third edition of the best-selling PMP in Depth, updated to the sixth edition of PMBOK, has a laser-sharp focus on the exam objectives for project managers and others who want to pass the PMP exam. No prior knowledge of project management is assumed. The chapters and the sections within each chapter are presented in a logical learning sequence. The concepts and topics, both simple and complex, are clearly explained when they appear for the first time. This facilitates step-wise learning, prevents confusion, and makes this book useful for those who want to get up to speed quickly to pass the PMP exam, even if you are new to the discipline of project management. This book tells the story of project management in a cohesive, concise, yet comprehensive fashion. Unlike most PMP exam books, PMP in Depth covers the material in the order in which projects are actually run in the real world. The book is an easy-to-understand guide that is valuable both before and after the exam. What You'll Learn Understand the body of knowledge required to earn the Project Management Professional (PMP) certification Acquire the knowledge needed to enter the field of project management and successfully manage projects in any field Who This Book Is For Project management practitioners preparing for the PMP exam, entry-level project managers and project team members preparing for the PMP exam, beginners who want to join the field of project management and get up to speed quickly, project managers who need a quick and easy reference to the discipline of project management, and instructors and trainers who want a textbook for the PMP exam or a course on project management
