major section deals with loft-to-attic-room conversions, giving guidance on planning procedures, as well as dealing with structural matters and specifying conversion work.

Roof Construction and Loft Conversion: Amazon.co.uk ...

Measure the head height. The minimum height you need for a loft conversion is 2.2m, and you can easily measure this yourself. Take a tape measure and run it from the floor to the ceiling at the tallest part of the room. If it's 2.2m or more, your loft should be tall enough to convert.

Loft Conversions: Step-By-Step Guide - Which?

Loft conversion costs start at around

£15,000 for a single 'room-in-the-roof' conversion, up to around £55,000 for a ready-made room that is manufactured off-site and then craned into position. Nationwide has estimated that an additional bedroom and bathroom could add around 20% to the value of a three-bed, one bathroom house (but do be aware of area price ceilings).

Loft Conversion: Beginner's Guide to Extending Up ...

Internal roof elements to consider during loft conversions consist of a number of sub-structures such as ridge boards, rafters, purlins, joists, wall plates and steel beams.

Elements In The Loft Roof Structure **- loft-conversion-uk.com**

The conversion from a trussed roof to a trussless roof simply involves the redistribution of the roofs weight from the trusses to beams running from gable to gable. This process involves the installation and use of steel beams. Before work can begin a structural engineer will calculate the size of the steels required.

Truss Loft Conversions | TVM Lofts

3:2With regard to the roof, it is clearly advisable to construct the loft conversion with the minimum disruption to the existing structure. The position of the purlins, if present, is a prime factor in determining the extent of the internal area, which can be achieved in the conversion. Diagram 2 indicates two typical arrangements.

Loft Conversions and the Building Regulations

Most loft conversions can be carried out without planning permission, but you'll still need to satisfy building regulations. Here, we give you the lowdown on planning a loft conversion. It's important to know whether you'll need planning permission before you begin - especially as it can take a long time to get approval - and you'll also need to make sure that your conversion meets building regulations.

Loft Conversion Building Regulations And Planning ...

A loft conversion for your house is considered to be permitted development, not requiring an application for planning permission,

subject to the following limits and conditions: A volume allowance of 40 cubic metres additional roof space for terraced houses*. A volume allowance of 50 cubic metres additional roof space for detached and semi-detached houses*.
