Opening with a foreword by Jeremy Robinson--author of Project Nemesis, the highest selling Kaiju novel in the United States since the old Godzilla books--the collection features work from New York Times bestsellers to indie darlings.

English Grammar For Dummies *John Wiley & Sons*

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades – no, for centuries – have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar – and you certainly don't have to diagram sentences – in order to speak and write correct English. So rest assured – English Grammar For Dummies will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs – oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!

Star Wars, Episode One, Jar Jar Binks! *LucasBooks for Young Readers*

Jar Jar Binks is a Gungan, who happens to be clumsy. He helps fight against the Trade Federation and becomes a hero.

Dino Hybrid (Jurassic World) *Random House Books for Young Readers*

A full-color picturebook featuring the hybrid dinosaurs cooked up in labs of Jurassic World! Return to Jurassic World and discover that Indominus rex wasn’t the only hybrid dinosaur created in the lab. Children 3-7 are sure to love this action-packed book featuring the monstrous creations made from mixed-up dinosaur DNA!

Godzilla at World's End *Random House Books for Young Readers*

In the year 2001, a team of young science students discovers a race of crystalline beings beneath the surface of the South Pole, and they become humanity's last defense against the creatures, which are intent on destroying the human race

Operation Red Dragon: The Daikaiju Wars: Part One Severed Press

The year is 1964, and the top secret group Operation Red Dragon has been utilizing advanced technology and superhuman soldiers to keep Kaiju - prehistoric survivors and modern mutations of varying size and strength - from destroying humanity since the end of World War II. Theirs has been a constant struggle to keep these horrifying creatures at bay, and despite some close calls, the world has remained safe. The struggle is about to escalate, however. The Daikaiju - the largest, most powerful creatures in all of creation - are about to make this secret war very public, and the destruction from their fast-approaching battle will be catastrophic. Fortunately, the agents of Operation Red Dragon have a plan - not necessarily to prevent the fight, but to keep human civilization intact when the dust settles. For this plan to work, they need one down-on-his-luck reporter to serve as their witness...assuming he can cope with the absurdity of it all.

You Look Yummy! *Tyrannosaurus*

This sweet tale about the love between father and son is the first in a tremendously popular Tyrannosaurus series in 12 titles to date, with combined sales in excess of 3 million copies in Japan, China, Korea, Taiwan and France. A long, long time ago, a baby Ankylosaurus is born on a volcano erupting ground. As the little Ankylosaurus begins wandering around, a big Tyrannosaurus comes along. He is about to pounce when the baby cries out, "Daddy!" and grabs onto his leg. The baby thinks the Tyrannosaurus is his father, so as not to disappoint the little one, he takes on the task of raising a baby Ankylosaur. The two develop ever stronger bonds of love, but soon comes the day when they must part. Highlighting the importance of family, this sweet picture book celebrates the love between father and son.

All Roar and No Bite *CreateSpace*

Lauren has a protective streak a mile wide and her goal is to get her best friend out of an abusive household. If that involves a little bat-based redecorating, so be it. Grayslake police officer Van Abrams's handcuffs make Lauren tingle. Then he becomes overbearing, demanding, and commanding. Suddenly Lauren finds herself in his arms, in his bed, and mated to his werebear butt. What's up with that? His bear has decided Lauren is his mate, and Van's anti-human feelings have abandoned him.

Godzilla 2000 *Random House Books for Young Readers*

Kit includes a figurine of the legendary monster with “atomic ray” light emanating from his mouth, and the sound of his iconic roar. Just press his back scales to hear him ROAR!!! Sticker is book filled

with Godzilla illustrations.

Futilitarianism

Neoliberalism and the Production of Uselessness MIT Press

A proposal for countering the futility of neoliberal existence to build an egalitarian, sustainable, and hopeful future. If maximizing utility leads to the greatest happiness of the greatest number of people, as utilitarianism has always proposed, then why is it that as many of us currently maximize our utility--by working endlessly, undertaking further education and training, relentlessly marketing and selling ourselves--we are met with the steady worsening of collective social and economic conditions? In Futilitarianism, social and political theorist Neil Vallelly eloquently tells the story of how neoliberalism transformed the relationship between utility maximization and the common good. Drawing on a vast array of contemporary examples, from self-help literature and marketing jargon

to political speeches and governmental responses to the COVID-19 pandemic, Vallelly coins several terms--including "the futilitarian condition," "homo futilitus," and "semio-futility"--to demonstrate that in the neoliberal decades, the practice of utility maximization traps us in useless and repetitive behaviors that foreclose the possibility of collective happiness. This urgent and provocative book chimes with the mood of the time by at once mapping the historical relationship between utilitarianism and capitalism, developing an original framework for understanding neoliberalism, and recounting the lived experience of uselessness in the early twenty-first century. At a time of epoch-defining disasters, from climate emergencies to deadly pandemics, countering the futility of neoliberal existence is essential to building an egalitarian, sustainable, and hopeful future.

Godzilla Vs. the Robot Monsters Random House Books for Young Readers

In order to take on Godzilla and the other newly-released monsters, Russia creates a super-robot, Moguera, while the United States and Japan activate Mechagodzilla, but a new monster discovered in Mongolia threatens to tip the balance in favor of the mons
