Women And Monasticism In Medieval Europe Sisters And ...

Monasticism occupies a central but anomalous place in the history of the Middle Ages. Monks and nuns were thereligiosi; they practiced the purest Christianity, a life of prayer and work embracing poverty, chastity, and obedience. From monastic colonies such as Canterbury and Fulda much of Europe was evangelized, and in Ireland abbots supplemented or superseded bishops in providing a framework for ecclesiastical organization.

To chart the expansion of nunneries in France and England during the central Middle Ages, he presents statistics and narratives to describe growth in broad historical contexts, with special attention to social and economic change.

Women's Monasticism and Medieval Society: Nunneries in ...

This article analyzes the different textual techniques that, by marginalizing female religious life, have created the common perception that female monasticism was a mere variant of a dominant male monastic model. As a counter to that common perception, I examine what female and male monasticism shared in the early middle ages, and I ask to what extent we can regard medieval monastic life as a ...

Medieval peasant women As with peasant men, the life of peasant women was difficult. Women at this level of society are usually considered to have had considerable gender equality, (though some scholars have argued that they had fundamentally the same subordinate status as women elsewhere in medieval society) but this often meant shared poverty.
