"Photographing the Child" addresses the challenges and rewards of photographing children from preschool through high school. It covers consultation, posing

and composition, in addition to natural lighting. As with all of Jennifer George's books, it is filled with useful tips and great image examples.

Photographing the Child: Natural Light Portrait Techniques

...

"With children I almost always use natural light, and 99% of the time I photograph them at an outdoor location during the golden hours. Of course for moody black and whites it can be indoors and at any time during the day, but if you're looking for the dreamy, ethereal look, that's the only way to do it."
