Amantes y reinas

El poder de las mujeres *Siruela*

«Este impecable ensayo de Benedetta Craveri se lee como la gran novela erótica de la monarquía francesa de los siglos XVI-XVIII vista a través de las vidas de reinas y favoritas». Il Corriere della Sera Craveri narra con maestría la astucia y destreza con que reinas y favoritas crearon alianzas, repartieron favores y castigos, aparecieron y desaparecieron de la escena en el momento justo, para así definir el rumbo de la historia. La historia de mujeres como Gabrielle d'Estrées o Madame du Barry, Ana de Austria o María Antonieta, amantes y reinas que convirtieron su supuesta debilidad en un instrumento de dominio. Durante siglos se ha predicado que confiar a una mujer cualquier responsabilidad de gobierno sería «algo que repugnaría a la naturaleza [...], un trastocamiento del recto orden y de todo principio de justicia». Sin embargo, especialmente en la Francia del Antiguo Régimen, las mujeres se han arrogado ese poder, haciendo vanas en la práctica las leyes y las costumbres que se

lo negaban. La más destacada de todas fue Catalina de Médicis, que durante treinta años logró mantener intacta la autoridad real. Pero junto a las reinas ;y a menudo al mismo tiempo y en antagonismo con ellas; otras mujeres ejercieron, en los siglos anteriores a la Revolución, una enorme influencia sobre los equilibrios políticos internos y externos de la monarquía francesa: las poderosísimas amantes reales, quienes tuvieron que aprender a utilizar la astucia, a corromper, a castigar... y a salir de escena en el momento justo. Un recorrido imprescindible que reafirma, con el rigor y la destreza narrativa de Craveri, la repercusión y relevancia que ejercieron las mujeres en momentos tan convulsos como definitorios de la historia.

Women & Power

A Manifesto *Profile Books*

An updated edition of the Sunday Times Bestseller Britain's best-known classicist Mary Beard, is also a committed and vocal feminist. With wry wit, she revisits the gender agenda and shows how history has treated powerful women. Her examples range from the classical world to the modern day, from Medusa and Athena to Theresa May and Hillary Clinton. Beard explores the cultural underpinnings of misogyny, considering the public voice of women, our cultural assumptions about women's relationship with power, and how powerful women resist being packaged into a male template. A year on since the advent of #metoo, Beard looks at how the discussions have moved on during this time, and how that intersects with issues of rape and consent, and the stories men tell themselves to support their actions. In trademark Beardian style, using examples ancient and modern, Beard argues, 'it's time for change - and now!' From the author of international bestseller SPQR: A History of Ancient Rome.

la transformación de los sindicatos bananeros en América Latina *Editorial Guaymuras*

Extrait de la couverture : "A finales del siglo pasado e inicios de 2000, el activismo de las mujeres sindicalistas de la industria del banano se expandió por toda Centroamérica, y atravesó Colombia y Ecuador, mediante una nueva instancia: la Coordinadora Latinoamericana de Sindicatos Bananeros, COLSIBA. A lo largo de un camino escabroso, estas madres, hijas, esposas y obreras han logrado construir una propuesta propia dentro de las estructuras del movimiento obrero mixto, por lo que ésta es también la historia de una política de género en la que los hombres siempre están involucrados, al igual que los influyentes aliados internacionales."

The Power of Women

A Doctor's Journey of Hope and Healing *Flatiron Books: An Oprah Book*

From Nobel laureate, world-renowned doctor, and noted human rights activist Dr. Denis Mukwege comes an inspiring clarion call-to-action to confront the scourge of sexual violence and better learn from women's resilience, strength, and power. At the heart of Dr. Mukwege's message will be the voices of the many women he has worked with over the years. Dr. Mukwege will use individual cases to reassure all survivors that, even if their psychological wounds may never fully heal, they can recover and thrive with the right care and support. Dr. Mukwege's dramatic personal story is interwoven throughout as he explores the bigger issues that have become a focus of his advocacy. He will seek to explain why sexual violence is so often overlooked during war, and how governments need to recognize and compensate victims. He will also stress the importance of breaking down the taboos surrounding assault, and the necessity of building a system that supports women who come forward. His words advocate for saying 'no' to indifference and he asks readers to reckon with the West's involvement in perpetuating sexual violence in places like the Democratic Republic of Congo, and to confront the abuse taking place in their own communities. Sexual violence does not occur in a vacuum. The conflict in the Democratic Republic of Congo, which has raged for over 20 years and has claimed an estimated 5 million lives, is inseparable from Western patriarchy and economic colonization. And this cycle of violence and spoils is not limited to Congo. Dr. Mukwege's work has led him to South Korea, Latin America, the Middle East, and elsewhere in Africa, where he has found striking similarities in women's testimonies. The truth is, through the intricate ties of the global economy, we are all implicated in violence against women - whether it occurs amidst the fighting in the Democratic Republic of Congo or on college campuses in the West. And Dr. Mukwege's writing will address men as well, encouraging and guiding them to become allies in the fight against sexual abuse, in war and in peace. Building more inclusive, gender-balanced societies will require developing what he calls "positive masculinity" - a systemic change in male behavior and attitudes towards women. Dr. Mukwege hopes to inspire other men to

speak out and join the struggle, rather than leaving women to fight the battle alone. He will also make the case, drawing from his experience and a wealth of research on the topic, that when women are involved as economic and political decision makers, all of society benefits. The Power of Women will illuminate the enduring strength of women in the face of violence and trauma, and give hope for the potential of individuals to turn the tide.

Things We Lost in the Fire

Stories *Hogarth*

In these wildly imaginative, devilishly daring tales of the macabre, internationally bestselling author Mariana Enriquez brings contemporary Argentina to vibrant life as a place where shocking inequality, violence, and corruption are the law of the land, while military dictatorship and legions of desaparecidos

loom large in the collective memory. In these stories, reminiscent of Shirley Jackson and Julio Cortázar, three young friends distract themselves with drugs and pain in the midst a government-enforced blackout; a girl with nothing to lose steps into an abandoned house and never comes back out; to protest a viral form of domestic violence, a group of women set themselves on fire. But alongside the black magic and disturbing disappearances, these stories are fueled by compassion for the frightened and the lost, ultimately bringing these characters—mothers and daughters, husbands and wives—into a surprisingly familiar reality. Written in hypnotic prose that gives grace to the grotesque, *Things We Lost in the Fire* is a powerful exploration of what happens when our darkest desires are left to roam unchecked, and signals the arrival of an astonishing and necessary voice in contemporary fiction.

Woman, power and money

Build your puzzle of success *Lo Que No Existe Producciones, S.L.U.*

I was interested in money since childhood. I remember we often spoke of it at home. My parents had enjoyed a comfortable position in Europe, but due to the vicissitudes of war, they were forced to seek new life courses. They landed in Argentina, where they started from scratch. My grandfather was a wealthy banker in Vienna and my grandmother, Carolina Goldschmidt (German for gold forging), came from one of the most renowned local families. Her mother had been one of the first patients of the then young and unknown Sigmund Freud. My father, an engineer, met my mother in Prague. During World War II, women held minor roles. My mother used to say, "Men do not like women who are too smart". That sentence, her tenacity and her fighting spirit were essential life lessons for me. The most frequent statement my father used to make was that young people should travel and study. I felt most identified with this recommendation and, at the age of 14, I began to earn my own money teaching English. Handling my economy was synonymous with independence and freedom. Therefore, I practised and passed it on to my children, supporting another parental slogan that read: "If you earn ten, save three". I began my research on the career development of women and men almost three decades ago. In those early studies, my topics of interest were financial intelligence and socialisation in families.

Kingdom Woman

Embracing Your Purpose, Power, and Possibilities *Tyndale House Publishers, Inc.*

A kingdom woman gives the devil as much reason to fear as a kingdom man. She lives confidently in the knowledge that Christ died and rose for her so that she can experience the significance of the destiny to which she has been called. In Kingdom Woman, Tony Evans and his daughter, Chrystal Evans Hurst, remind women of their calling from God to be free, delivered, healed, and hopeful. The authors bring insight that encourages women to correct distorted perceptions and understand who they really are in Christ—never settling for less when connected with the One who gives them hope. All believers are covered by God’s covenant with Abraham. Evans and Hurst want women to know these rights and confidently claim and live by them. The new covenant offers more than a life of mediocrity. A kingdom woman is called and empowered to live a life of victory through Christ!

Mujer, poder y violencia

Maturity

The Responsibility of Being Oneself *St. Martin's Griffin*

One of the greatest spiritual leaders of the twentieth century encourages us to embrace the qualities of life our advancing years grant us in Maturity: The Responsibility of Being Oneself. In a culture infatuated with youth and determined to avoid old age at all costs, this book dares to raise a question that has been all but forgotten in the age of Viagra and cosmetic surgery. What benefits might lie in accepting the aging process as natural, rather than trying to hold on to youth and its pleasures all the way to the grave? Osho takes us back to the roots of what it means to grow up rather than just to grow old. Both in our relationships with others, and in the fulfillment of our own individual destinies, he reminds us of the pleasures that only true maturity can bring. He outlines the ten major growth cycles in human life, from the self-centered universe of the preschooler to the flowering of wisdom and compassion in old age. Osho’s sly sense of humor runs like a red thread through the book, along with a profound compassion and understanding of how easy it is to be distracted from the deeper meaning and purpose of our lives—which is, ultimately, to flower into our own individual uniqueness and maturity with an attitude of celebration and joy. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

The Confident Woman

Start Today Living Boldly and Without Fear *FaithWords*

What keeps women from being their best? Joyce has been helping women better themselves by helping identify emotional barriers and physical, mental, and spiritual obstacles in their lives for years. Now she provides another answer-confidence. Our society has an insecurity epidemic, women in particular. Compensating by pretending to be secure-a common response-only leads to feelings of shame. Lack of self-confidence causes great difficulty in relationships of all kinds, and in marriage instances can even lead to divorce. In THE CONFIDENT WOMAN, Joyce explores the seven characteristics of a woman with confidence, which include a woman who knows she is loved, who refuses to live in fear, and who does not live by comparisons. Joyce explains that confidence stems from being positive in your actions and living honestly, but most importantly from having faith, in God and in ourselves.

Mujeres, salud y poder *Catedra Ediciones*

La salud humana y en especial la salud de las mujeres ha estado mediatizada por las relaciones de poder, tanto por las influencias patriarcales en el desarrollo de las ciencias de la salud, como por el proceso de victimización de las pacientes, que se han convertido más en objetos de medicalización que en agentes de sus propios cambios saludables. El recorrido que la doctora Carme Valls-Llobet hace por la invisibilidad del cuerpo, las patologías y los riesgos con los que se enfrenta la salud de las mujeres, culmina en la descripción de los procesos que hacen que se valoren como inferiores sus problemas de salud y, al estilo foucaultiano, intenta realizar en cada capítulo un proceso de veridicción por el que queden desenmascarados los instrumentos de control y posesión, tanto externos como intrapsíquicos, que impiden a las mujeres ser protagonistas de su salud.

The Vagina Monologues *Villard Books*

Drawing on conversations with hundreds of women about their genitalia, the author presents a collection of performance pieces from her one-woman show of the same name.
