If you have a Preece relative, you may well find they are in my database of records - these have been gathered since 1987, when I joined the Guild of One Name Studies. I have many thousands of entries in my files, only some of which are actually available on the site.

Preece Family History & One Name Study

The Guild defines a One-Name Study as: . Research into the genealogy and family history of all persons with the same surname and its variants. This is distinct from family history, in that it is the surname that is of interest, rather than the family tree of

members of the same family with several different surnames.

With any One-Name Study a method of storing your findings is necessary. The Guild does not specify any one method of keeping your information, because there are many ways of keeping that information. Most people come into the Guild having first

collected information on their own family, be it on paper or in a software program designed for the purpose.

Choosing software for your One-Name Study

Taking on a One-Name Study requires you to make two main commitments: you must respond to all enquiries if you have registered your study with the Guild of One-Name Studies; you agree to collect all instances of that name wherever it is found, though you can work at your own speed with your own priorities. Those commitments are serious.
