The argument is distinguished from the zombie argument as it establishes that the mind could continue to exist without the body, rather than that the unaltered body could exist without the mind. Alvin Plantinga , [56] J. P. Moreland , [57] and Edward Feser [58] have both supported the argument, although Feser and Moreland think that it must be carefully reformulated in order to be effective.

An Argument For Mind [EBOOK]

René Descartes: The Mind-Body Distinction. One of the deepest and most lasting legacies of Descartes' philosophy is his thesis that mind and body are really distinct—a thesis now called “mind-body dualism.” He reaches this conclusion by arguing that the nature of the mind (that is, a thinking, non-extended thing) is completely different from that of the body (that is, an extended, non ...
