Brian L. Weiss, M.D., psychiatrist and New York Times best-selling author, offers soothing sanity in turbulent times. This short course in meditation gives readers the tools they need for physical, emotional, and spiritual healing, and includes an audio download of a guided meditation. Weiss, M.D., offers an audio download of a guided meditation and explains the techniques he has used to help thousands of patients around the world harness the healing powers of meditation. You'll learn how relaxation, visualization, and regression can be used to release fears in a holistic way, strengthen the immune system, and alleviate chronic pain and illness, among other benefits. The practice of meditation also helps rid the mind of stress, intrusive thoughts, and the pressures of the world, opening you up to what's truly important. The more you meditate, the further you move away from the level of everyday consciousness (encompassing frustration, anxiety, and worry), and the closer you draw to the higher perspective of enlightenment. As you progress along this path, it becomes easier to achieve increasingly higher levels of spirituality.

Eliminating Stress, Finding Inner Peace *Hay House, Inc*
Eliminating Stress, Finding Inner Peace is an important step on the healing journey. Stress kills—there’s no doubt. It eats away at you, affecting your level of happiness, as well as your stomach lining. It raises your blood pressure and directly harms your cardiovascular system. It depresses your immune system and allows chronic illnesses to overwhelm you—causing pain, disability, and even death. Basically, stress prevents you from experiencing life’s many pleasures. Stress is a mental state that can cause severe negative emotional and physical consequences. This book, with its accompanying stress-reduction audio download, will help you deeply relax. It will enable you to release the acute and chronic tension you constantly carry in your body and mind. It can also help you remove the blocks and obstacles to your inner peace and contentment, and prevent stress-related illness and disease. The Eternal Validity of the Soul *Amber-Allen Publishing*
One of the most powerful of the Seth Books, this essential guide to conscious living clearly and powerfully articulates the furthest reaches of human potential, and the concept that we all create our own reality according to our individual beliefs. Having withstood the test of time, it is still considered one of the most dynamic and brilliant maps of inner reality available today. “The Seth books present an alternate map of reality with a new diagram of the psyche . . . useful to all explorers of consciousness.” — Deepak Chopra “Seth was one of my first metaphysical teachers. He remains a constant source of knowledge and inspiration in my life.” — Marianne Williamson “I would like to see the Seth books as required reading for anyone on their spiritual pathway. The amazing in-depth information in the Seth books is as relevant today as it was in the early ’70s when Jane Roberts first channeled this material.” — Louise Hay

Signs

The Secret Language of the Universe *Spiegel & Grau*
"Laura Lynne Jackson is a psychic medium and the author of the New York Times bestseller The Light Between Us. She possesses an incredible gift--the ability to communicate with loved ones who have passed, convey messages of love and healing, and impart a greater understanding of our interconnectedness. Though her abilities are exceptional, they are not unique, and that is the message at the core of this book. Understanding "the secret language of the universe" is a gift available to all. As we learn to ask for and recognize signs from the other side, we will start to find meaning where before there was only confusion, we will see light in the darkness. We may decide to change paths, push toward love, pursue joy, and engage with life in a whole new way. In Signs, Jackson is able to bring the mystical into the everyday. She relates stories of people who have experienced these uncanny revelations and instances of unexplained synchronicity, as well as those drawn from her own experience. There's the producer whose lost child appears to her as a deer that approaches her unhesitatingly at a highway rest stop; the name tag of an ER nurse that lets a terrified wife know that her husband will be okay; the Elvis Presley song that arrives at the exact time of her own father's passing; and many others. This is a book that is both inspiring and practical, deeply comforting and wonderfully motivational in asking us to see beyond ourselves to a more magnificent universal design"--

Memories of Heaven

Children's Astounding Recollections of the Time Before They Came to Earth *Hay House*
Nineteenth-century British poet William Wordsworth expressed the idea that we gradually lose our intimate knowledge of heaven as we grow up, observing that "our birth is but a sleep and a forgetting" of our previous heavenly existence. Dr. Wayne W. Dyer and co-author Dee Barnes had often talked about how the ones who know the most about God are those who have just recently been wrapped in the arms of the Divine, our infants and toddlers. In fact, Dee had an interaction with her own young son that convinced her of this. Curious about this phenomenon, Wayne and Dee decided to issue an invitation to parents all over the world to share their experiences. The overwhelming response they received prompted them to put together this book, which includes the most interesting and illuminating of these stories in which very young children speak about their remembrances before they were born. It seems that infants and toddlers often arrive here with memories of their lifetimes in the spirit world and frequently provide evidence of this to their immediate families. They tell of dialogues with God, give evidence that they themselves had a hand in picking their own parents, speak about long-deceased family members they knew while in the dimension of Spirit, verify past-life recollections, and speak eloquently and accurately of a kind of Divine love that exists beyond this physical realm--and even of times when telepathic communication took place, as well as the ability to decide just when they would come here to Earth. This fascinating book encourages parents and grandparents to take a much more active role in communicating with their new arrivals . . . and to realize that there is far more to this earthly

experience than what we perceive with our five senses.

Take Courage

Anne Bronte and the Art of Life *Random House*

Anne Bronte is the forgotten Bronte sister, overshadowed by her older siblings -- virtuous, successful Charlotte, free-spirited Emily and dissolute Branwell. Tragic, virginal, sweet, stoic, selfless, Anne. The less talented Bronte, the other Bronte. Or that's what Samantha Ellis, a life-long Emily and Wuthering Heights devotee, had always thought. Until, that is, she started questioning that devotion and, in looking more closely at Emily and Charlotte, found herself confronted by Anne instead. Take Courage is Samantha's personal, poignant and surprising journey into the life and work of a woman sidelined by history. A brave, strongly feminist writer well ahead of her time -- and her more celebrated siblings -- and who has much to teach us today about how to find our way in the world. Praise for How to be a Heroine 'Any woman with a remotely bookish childhood will find great pleasure in How to be a Heroine' Sunday Times 'Genius.... A fantastically inspirational memoir that makes you want to reread far too many books' Observer 'Not so much self-help as shelf-help... A truly brilliant read' Marie Claire 'Delightfully honest and warmly funny' Daily Mail 'The best kind of book: one that I gobbled up, wanting to go slow to savour it but unable to stop reading until it was all gone' Observer
