In the 20th century the United States, itself the result of western European colonization of North America, arguably became the most significant exporter of Western culture. Its movies, popular music, and popular fashion were taken up not only in Asia, Africa, and Central and South America but even in western Europe itself. Technology acted as both a form of and a transmitter of Westernization.

Westernization | Definition, Overview, & Facts | Britannica

As an order based on the principle of national freedom, it gave unprecedentedly beneficial political and

religious form to the Western nations: a form that provided a sound basis for the eventual remediation of many of its deficiencies. In time, the Protestant principle of national freedom did put an end to Europe's overseas empires.

Academic freedom is in serious trouble in the English-speaking world. Episodes involving no-platforming, Twitter mobs, and efforts to dismiss professors make news regularly. The threat to academic freedom overwhelmingly stems from the identity-oriented Left inside universities, though it can also come from the off-campus Right. For John Ellis of the University of California at Santa Cruz, the ...
