Race Space And The Law

Race, Space, and the Law This reading list explores the law's historical role in the constitution of space, place, the body, and various other modalities of belonging in the U.S. The focus lies primarily on integrating legal history texts into architectural scholarship to examine race (and its intersections) and to trace changing legal notions of property, territory, nationhood, and citizenship.

Reading List | Race, Space, and the Law

Race, Space, and the Law belongs to a growing field of exploration that spans critical geography, sociology, law, education, and critical race and feminist studies. Writers who share this terrain reject the idea that spaces, and the arrangement of bodies in them, emerge naturally over time. Instead, they look at how spaces are created and the role of law in shaping and supporting them.

It is an interesting coincidence that I recently finished reading Race, Space, and the Law, a book of essays looking at how the law (as well as other texts and discourse) has been used to constitute space in Canada, and how that space differentially impacts, constitutes, and is constituted by bodies that are socially marked for oppression or privilege in various ways, particularly via racialization.

Review: <I>Race, Space, and the Law</I> - Scott Neigh

The United States' enactment of the Space Resource Exploration and Utilization Act of 2015 marked a significant turn in the evolutionary course of space lawmaking, although not for the reasons commonly cited. The Act is noteworthy not for its substance, but as a symptom of emerging structural change in how space law is made, and by whom.
