Global Governance: Why? What? Whither? eBook: Weiss ...

In Global Governance: Why? What? Whither? he presents what he sees as the "essence of the problem of global governance," which he defines as the

extent to which "the evolution of intergovernmental institutions, and the forms of collaboration which they engage, lags well behind the emergence of collective problems with trans-border, especially global, dimensions" (2). His goal is two-fold: First, he wants to identify the specific gaps which exist between the way global governance ...

Global Governance: Why? What? Whither? | Wiley

How is the world governed in the absence of a world government? This probing yet accessible book examines "global governance" or the sum of the informal and formal values, norms, procedures, and institutions that help state. Friends and foes of international cooperation puzzle about how to explain order, stability, and predictability in a world without a central authority.

Global Governance: Why? What? Whither? by Thomas G. Weiss

Global governance, Weiss states, "is the sum of the informal and formal values, norms, procedures, and institutions, that help all actors – states, intergovernmental organizations, civil

society, transnational corporations, and individuals – to identify, understand, and address trans-boundary problems." (p. 2) In this sense, global governance constitutes the "government-like-services" that the international system provides in the absence of a global government.
