Half of your studies will be in interdisciplinary social science and sociology giving you a firm grounding in knowledge and ideas central to the social sciences. For the other half, you'll first explore psychology through a range of real-world issues including love, sexuality and artificial intelligence before opting to study either social psychology or counselling and forensic psychology.

R23 | BA (Hons) Social Sciences (Psychology)

Social science is the branch of science devoted to the study of societies and the relationships among individuals within those societies. The term was formerly used to refer to the field of sociology, the original "science of society", established in the 19th century. In addition to sociology, it now encompasses a wide array of academic disciplines, including anthropology, archaeology ...
