Musical composition in the twentieth century : Whittall ...

20th-century classical music describes art music that was written nominally from 1901 to 2000, inclusive. Musical style diverged during the 20th century as it never had previously. Consequently, this century was without a dominant style. Modernism, impressionism, and post-romanticism can all be traced to the decades before the turn of the century, but can be included because they evolved beyond the musical boundaries of the 19th-century styles that were part of the earlier common practice period

20th-century classical music - Wikipedia

During the 20th century there was a large increase in the variety of music that people had access to.

Prior to the invention of mass market gramophone records and radio broadcasting, people mainly listened to music at live Classical music concerts or musical theatre shows, which were too expensive for many working class people; on early phonograph players; or by individuals performing music or singing songs on an amateur basis at home, using sheet music, which required the ability to sing, play,
