Mistress of the Empire

Empire's Mistress, Starring Isabel Rosario Cooper *Duke University Press*

In *Empire's Mistress* Vernadette Vicuña Gonzalez follows the life of Filipina vaudeville and film actress Isabel Rosario Cooper, who was the mistress of General Douglas MacArthur. If mentioned at all, their relationship exists only as a salacious footnote in MacArthur's biography—a failed love affair between a venerated war hero and a young woman of Filipino and American heritage. Following Cooper from the Philippines to

Washington, D.C. to Hollywood, where she died penniless, Gonzalez frames her not as a tragic heroine, but as someone caught within the violent histories of U.S. imperialism. In this way, Gonzalez uses Cooper's life as a means to explore the contours of empire as experienced on the scale of personal relationships. Along the way, Gonzalez fills in the archival gaps of Cooper's life with speculative fictional interludes that both unsettle the authority of “official” archives and dislodge the established one-dimensional characterizations of her. By presenting Cooper as a complex historical subject who lived at the crossroads of American

colonialism in the Philippines, Gonzalez demonstrates how intimacy and love are woven into the infrastructure of empire.

The Mistress of Paris

The 19th-Century Courtesan Who Built an Empire on a Secret *Macmillan*

"Comtesse Valtesse de la Bigne was a celebrated nineteenth-century Parisian courtesan. She was painted by Manet and inspired Emile Zola, who immortalized her in his scandalous novel *Nana*. Her rumored affairs with Napoleon III and the future Edward VII kept gossip columns full. But her glamorous existence hid a dark secret: she was no Comtesse. She was born into abject

poverty, raised on a squalid Paris backstreet; the lowest of the low. Yet she transformed herself into an enchantress who possessed a small fortune, three mansions, fabulous carriages, and art that drew the envy of connoisseurs across France and Europe. A consummate show-woman, she ensured that her life--and even her death--remained shrouded in just enough mystery to keep her audience hungry for more. Catherine Hewitt's biography, *The Mistress of Paris*, tells the forgotten story of a remarkable French woman who, though her roots were lowly, never stopped aiming high."--Provided by publisher.

The Empire of the Senses *Vintage*

A San Francisco Chronicle Best Book of the Year *The Empire of the Senses* is an enthralling tale of love and war, duty and self-discovery. It begins in 1914 when Lev Perlmutter, an assimilated German Jew fighting in World War I, finds unexpected companionship on the Eastern Front; back at home, his wife Josephine embarks on a clandestine affair of her own. A decade later, during the heady, politically charged interwar years in Berlin, their children—one, a nascent Fascist struggling with his sexuality, the other a young woman entranced by the glitz and glamour of the Jazz Age—experience their own romantic awakenings. With a

painter's sensibility for the layered images that comprise our lives, this exquisite novel by Alexis Landau marks the emergence of a writer uniquely talented in bringing the past to the present.

Twilight of Empire

The Tragedy at Mayerling and the End of the Habsburgs *St. Martin's Press*

On a snowy January morning in 1889, a worried servant hacked open a locked door at the remote hunting lodge deep in the Vienna Woods. Inside, he found two bodies sprawled on an ornate bed, blood oozing from their mouths. Crown Prince Rudolf of Austria-Hungary appeared to have shot his seventeen-year-old

mistress Baroness Mary Vetsera as she slept, sat with the corpse for hours and, when dawn broke, turned the pistol on himself. A century has transformed this bloody scene into romantic tragedy: star-crossed lovers who preferred death together than to be parted by a cold, unfeeling Viennese Court. But Mayerling is also the story of family secrets: incestuous relationships and mental instability; blackmail, venereal disease, and political treason; and a disillusioned, morphine-addicted Crown Prince and a naïve schoolgirl caught up in a dangerous and deadly waltz inside a decaying empire. What happened in that locked room remains

one of history's most evocative mysteries: What led Rudolf and mistress to this desperate act? Was it really a suicide pact? Or did something far more disturbing take place at that remote hunting lodge and result in murder? Drawing interviews with members of the Habsburg family and archival sources in Vienna, Greg King and Penny Wilson reconstruct this historical mystery, laying out evidence and information long ignored that conclusively refutes the romantic myth and the conspiracy stories.

The Empire Must Die

**Russia's
Revolutionary
Collapse, 1900-1917**
PublicAffairs

From Tolstoy to Lenin, from Diaghilev to Stalin, *The Empire Must Die* is a tragedy of operatic proportions with a cast of characters that ranges from the exotic to utterly villainous, the glamorous to the depraved. In 1912, Russia experienced a flowering of liberalism and tolerance that placed it at the forefront of the modern world: women were fighting for the right to vote in the elections for the newly empowered parliament, Russian art and culture was the envy of Europe and America, there was a vibrant free press and intellectual life. But a fatal flaw was left uncorrected: Russia's exuberant experimental moment took place atop a

rotten foundation. The old imperial order, in place for three hundred years, still held the nation in thrall. Its princes, archdukes, and generals bled the country dry during the First World War and by 1917 the only consensus was that the Empire must die. Mikhail Zygar's dazzling, in-the-moment retelling of the two decades that prefigured the death of the Tsar, his family, and the entire imperial edifice is a captivating drama of what might have been versus what was subsequently seen as inevitable. A monumental piece of political theater that only Russia was capable of enacting, the fall of the Russian Empire changed the course of the twentieth century and eerily

anticipated the mood of the twenty-first.

The Saint's Mistress

Chicago Review Press

Told against the fourth-century backdrop of the fall of the Roman Empire and the rise of Christianity, *The Saint's Mistress* breathes life into the previously untold story of Saint Augustine and his mistress. Defying social norms and traditions, Roman aristocrat Aurelius Augustinus falls in love with Leona, a North African peasant. Leona comes into conflict with Aurelius's mother Monnica, his powerful patron Urbanus, and the Empire itself, in her fight to keep her family together and win legitimacy for her son. When Monnica and Urbanus succeed in separating Leona from

her son and securing a more suitable fiancée for Aurelius, Leona commits herself to the Church. When many years later Leona and Aurelius, now Bishop Augustine, meet again, old passions re-ignite, perennial feuds smolder, and the fate of the Roman Empire in North Africa hangs in the balance. Mistress of the Throne *Sristhi Publishers & Distributors*

1631. The Empress of India - Mumtaz Mahal - has died. Yet, rather than anoint one of his several other wives to take her place as Empress of India, Mughal King Shah Jahan anoints his seventeen-year-old daughter Jahanara as

the next Queen of India. Bearing an almost identical resemblance to her mother, Jahanara is the first ever daughter of a sitting Mughal King to be anointed queen. She is reluctant to accept this title, but does so in hopes of averting the storm approaching her family and Mughal India. Her younger siblings harbor extreme personalities - from a liberal multiculturalist (who views religion as an agent of evil) to an orthodox Muslim (who views razing non-Muslim buildings as divine will). Meanwhile, Jahanara struggles to come to terms with her own dark reality: as the daughter of a sitting King, she is forbidden to marry. Thus, while she lives in the shadow of her parents'

unflinching love story, she is devastated by the harsh reality that she is forbidden to share such a romance with another. Mistress of the Throne narrates the powerful story of one of India's most opulent and turbulent times through the eyes of an unsuspecting character: a Muslim queen. It uses actual historical figures to illuminate the complexity of an era that has often been called "India's Golden Age".

Haunted by Empire

Geographies of Intimacy in North American History

Duke University Press

A milestone in U.S. historiography, *Haunted by Empire* brings postcolonial critiques to bear on North American history and draws on that history to question the analytic conventions of postcolonial studies. The contributors to this innovative collection examine the critical role of "domains of the intimate" in the consolidation of colonial power. They demonstrate how the categories of difference underlying colonialism—the distinctions advanced as the justification for the colonizer's rule of the colonized—were enacted and reinforced in intimate realms from the bedroom to the

classroom to the medical examining room. Together the essays focus attention on the politics of comparison—on how colonizers differentiated one group or set of behaviors from another—and on the circulation of knowledge and ideologies within and between imperial projects. Ultimately, this collection forces a rethinking of what historians choose to compare and of the epistemological grounds on which those choices are based. Haunted by Empire includes Ann Laura Stoler's seminal essay "Tense and Tender Ties" as well as her bold introduction, which carves out the exciting new analytic and methodological ground animated by this comparative venture. The contributors engage in a lively cross-disciplinary conversation, drawing on history, anthropology, literature, philosophy, and public health. They address such topics as the regulation of Hindu marriages and gay sexuality in the early-twentieth-century United States; the framing of multiple-choice intelligence tests; the deeply entangled histories of Asian, African, and native peoples in the Americas; the racial categorizations used in the 1890 U.S. census; and the politics of race and space in French colonial New Orleans. Linda Gordon, Catherine Hall, and Nancy F. Cott each

provide a concluding essay reflecting on the innovations and implications of the arguments advanced in *Haunted by Empire*. Contributors. Warwick Anderson, Laura Briggs, Kathleen Brown, Nancy F. Intellectual and Empire in Greco-Roman Antiquity
Routledge

This volume deals with the interaction between public intellectuals of the late Hellenistic and Roman era, and the powerful

individuals with whom they came into contact. How did they negotiate power and its abuses? How did they manage to retain a critical distance from the people they depended upon for their livelihood, and even their very existence? These figures include a broad range of prose and poetry authors, dramatists, historians and biographers, philosophers, rhetoricians, religious and other figures of public status. The contributors to the volume consider how such individuals positioned themselves within existing power matrices, and what the approaches and mechanisms were by means of which they negotiated such matrices, whether in

the form of opposition, compromise or advocacy. Apart from cutting-edge scholarship on the figures from antiquity investigated, the volume aims to address issues of pertinence in the current political climate, with its manipulation of popular media, and with the increasing interference in the affairs of institutions of higher learning funded from public coffers.
