The Five Dysfunctions of a Team

A Leadership Fable *John Wiley & Sons*

In The Five Dysfunctions of a Team Patrick Lencioni once again offers a leadership fable that is as enthralling and instructive as his first two best-selling books, The Five Temptations of a CEO and The Four Obsessions of an Extraordinary Executive. This time, he turns his keen intellect and storytelling power to the fascinating, complex world of teams. Kathryn Petersen, Decision Tech's CEO, faces the ultimate leadership crisis: Uniting a team in such disarray that it threatens to bring down the entire company. Will she succeed? Will she be fired? Will the company fail? Lencioni's utterly gripping tale serves as a timeless reminder that leadership requires as much courage as it does insight. Throughout the story, Lencioni reveals the five dysfunctions which go to the very heart of why teams even the best ones-often struggle. He outlines a powerful model and actionable steps that can be used to overcome these common hurdles and build a cohesive, effective team. Just as with his other books, Lencioni has written a compelling fable with a powerful yet deceptively simple message for all those who strive to be exceptional team leaders.

Death by Meeting

A Leadership Fable...About Solving the Most Painful Problem in Business *John Wiley & Sons*

Casey McDaniel had never been so nervous in his life. In just ten minutes, The Meeting, as it would forever be known, would begin. Casey had every reason to believe that his performance over the next two hours would determine the fate of his career, his financial future, and the company he had built from scratch. "How could my life have unraveled so quickly?" he wondered. In his latest page-turning work of business fiction, best-selling author Patrick Lencioni provides readers with another powerful and thought-provoking book, this one centered around a cure for the most painful yet underestimated problem of modern business: bad meetings. And what he suggests is both simple and revolutionary. Casey McDaniel, the founder and CEO of Yip Software, is in the midst of a problem he created, but one he doesn't know how to solve. And he doesn't know where or who to turn to for advice. His staff can't help him; they're as dumbfounded as he is by their tortuous meetings. Then an unlikely advisor, Will Peterson, enters Casey's world. When he proposes an unconventional, even radical, approach to solving the meeting problem, Casey is just desperate enough to listen. As in his other books, Lencioni provides a framework for his groundbreaking model, and makes it applicable to the real world. Death by Meeting is nothing short of a blueprint for leaders who want to eliminate waste and frustration among their teams, and create environments of engagement and passion.

The Four Obsessions of an Extraordinary Executive

A Leadership Fable *John Wiley & Sons*

This time, Lencioni's focus is on a leader's crucial role in building a healthy organization--an often overlooked but essential element of business life that is the linchpin of sustained success. Readers are treated to a story of corporate intrigue as the frustrated head of one consulting firm faces a leadership challenge so great that it threatens to topple his company, his career, and everything he holds true about leadership itself. In the story's telling, Lencioni helps his readers understand the disarming simplicity and power of creating organizational health, and reveals four key disciplines that they can follow to achieve it.

Temptations *Cooper Square Press*

Through the years, the group's trademark razor-sharp choreography, finely tuned harmonies, and compelling vocals made them the exemplars of the Motown style. This is the frank, revealing story of the legendary supergroup, told by its founder.

He goes because he has to, but the honesty of the Knights starts to slip past his defenses. Combine that with his sister's out-of-the-blue return and the attention of a girl he meets in an AA meeting, and all the work Adam has put into being fine begins to unravel. The Temptation of a Highlander *Elisa Braden*

In the enchanting *Midnight in Scotland* series, the unlikeliest matches generate the greatest heat. All it takes is a spark of Highland magic. A woman hunted Once a hopeless wallflower, Clarissa Meadows blossomed into a beauty for a single splendid season—only to catch the eye of a madman bent on possessing her. Now, she must flee where he'll never follow: a friend's house in the Scottish Highlands. Except he does follow. And Clarissa has nowhere left to run. A protector unbound Campbell MacPherson shouldn't be dreaming about the fair English lass who blushes like a sunrise, blurts out double entendres over breakfast, and shows a peculiar interest in the size of his hands. But when she reveals the threat putting fear in her eyes, this rough, solitary giant vows his protection, even if it means keeping temptation as close as his next breath. A temptation too hot to deny Clarissa couldn't ask for a more imposing—or enthralling—bodyguard than Campbell MacPherson. But accepting his protection puts him squarely in a predator's sights. And soon, she faces an impossible choice: stay in the shelter of his arms or save the man she loves from the wolf she's brought to his door.

Temptations of Jesus *Ravenio Books*

Here are five sermons preached in Marsh Chapel during the month of July, in the year of our Lord, 1962. They are a faithful transcription of the spoken word from tape recordings made for rebroadcasting to a radio audience in the evening of the Sunday on which each was delivered. The

minimum of editing has been done in order that the clarity of expression might be maintained despite the change of the medium from the spoken to the written word. These are five sermons on certain dilemmas of Jesus, growing out of temptations which he faced. They are not five lectures. They are not five critical essays. They are five sermons, having as their fundamental purpose the illumination of the imagination, the stirring of the heart, and the challenge to live life meaningfully. We see the Master as he struggled to find a way which will be for him The Way in which he can walk in utter harmony with the Will of his Father and the purpose of life. This too is what we seek, and in his answer we may find precious clues for ourselves. He was tempted as all men are tempted and his example leaves the whole world in his debt. The publishing of this little book in a special, limited first edition, designed and printed by Lawton Kennedy of San Francisco, is the fulfillment of a long cherished dream which we have had for many years, since this artist-publisher began printing the annual Christmas and other special occasion cards which I have written for the Church for the Fellowship of All Peoples in San Francisco, and later for Marsh Chapel in Boston. With customary grace, Eugene Exman, of Harper and Brothers, has granted me temporary release from my contract in order to make possible a unique Lawton Kennedy production. It so happens that this was the last sermon-series which I presented in Marsh Chapel, marking the end of a nine-year period of active responsibility for that part of the religious life of Boston University, as expressed in the preaching and ministry of Marsh Chapel, and the beginning of a two-year leave for an extended ministry in the service of the University, to other areas of the United States and countries abroad. The material presented here was later used as the basis of the Theme Devotional Addresses at the meeting of the 20th General Council of the United Church of Canada, including the Congregational, Methodist, and Presbyterian denominations, held at the Metropolitan United Church, London, Ontario, September twelfth through the nineteenth. Significantly, the addresses delivered before this inspiring body marked the first major assignment in the wider ministry of the next two years. Howard Thurman Boston University September, 1962

Temptations of the West

How to Be Modern in India, Pakistan, Tibet, and Beyond *Farrar, Straus and Giroux*

A vivid, often surprising account of South Asia today by the author of *An End to Suffering* In his new book, Pankaj Mishra brings literary authority and political insight to bear on travels that are at once epic and personal. Traveling in the changing cultures of South Asia, Mishra sees the pressures—the temptations—of Western-style modernity and prosperity, and teases out the paradoxes of globalization. A visit to Allahabad, birthplace of Jawaharlal Nehru, occasions a brief history of the tumultuous post-independence politics Nehru set in motion. In Kashmir, just after the brutal killing of thirtyfive Sikhs, Mishra sees Muslim guerrillas playing with Sikh village children while the media ponder a (largely irrelevant) visit by President Clinton. And in Tibet Mishra exquisitely parses the situation whereby the Chinese government—officially atheist and strongly opposed to a free Tibet—has discovered that Tibetan Buddhism can "be packaged and sold to tourists." *Temptations of the West* is a book concerned with history still in the making—essential reading about a conflicted and rapidly changing region.

The 3 Big Questions for a Frantic Family

A Leadership Fable... About Restoring Sanity To The Most Important Organization In Your Life *John Wiley & Sons*

In this unique and groundbreaking book, business consultant and New York Times best-selling author Patrick Lencioni turns his sights on the most important organization in our lives—the family. As a husband and the father of four young boys, Lencioni realized the discrepancy between the time and energy his clients put into running their organizations and the reactive way most people run their personal lives. Having experienced the stress of a frantic family firsthand, he and his wife began applying some of the tools he uses with Fortune 500 companies at home, and with surprising results.

The Three Signs of a Miserable Job

A Fable for Managers (And Their Employees) *John Wiley & Sons*

Temptations of a Superpower *Harvard University Press*

America is the last remaining superpower. Yet what does this triumph mean when the challenges we face often defy military solutions? In *Temptations of a Superpower*, one of our most eloquent and incisive foreign policy analysts takes a hard look at this question, with all its implications for America's role in the post-Cold War world. Ronald Steel offers a devastating critique of a high-stakes game of foreign policy played by rules that no longer apply, and then proposes a more realistic--and pragmatic--view of the world and our place in it. The Cold War imposed a certain order on the world, giving us a secure sense of our enemies and allies, our interests and our mission. Steel paints a disturbing picture of the world now deprived of its ordering principle, where ethnic conflicts and national rivalries once held in check erupt in violence, where the shifting allegiances and fevered ambitions flout familiar strategies for keeping peace, conducting trade, and protecting human rights. He explores the history of our present predicament and explains the dangers of adapting outmoded but habitual policies to a new world whose shape is fast evolving. What, for instance, is the future of America's military, deeply embedded as it is in our culture and economy? If Wilsonian idealism, with its vision of converting the world to democracy, replaces anti-communism as the guiding principle behind foreign policy, how far should it take us? What distinctions should we make between our nearest neighbors and distant nations? How are we to balance economic needs and ethical imperatives? Analyzing the turmoil sweeping the world from China to Bosnia, Haiti to the Caucasus, Steel depicts the shattering dilemmas facing American policymakers. What concern should the United States have with many world quarrels? How can national interest be reconciled with strategic considerations and morality? When should domestic needs take precedence over foreign policy? The alternatives that Steel proposes to current policies defy much of the conventional wisdom and are certain to provoke controversy. He asks not only what America should do for the world, but what it must do for itself. Reminding us that foreign and domestic policy are inseparable, Steel argues that a renewed foreign policy must address not only changes in the world order, but the pressing, unmet

needs within America itself.

The Advantage

Why Organizational Health Trumps Everything Else In Business *John Wiley & Sons*

There is a competitive advantage out there, arguably more powerful than any other. Is it superior strategy? Faster innovation? Smarter employees? No, New York Times best-selling author, Patrick Lencioni, argues that the seminal difference between successful companies and mediocre ones has little to do with what they know and how smart they are and more to do with how healthy they are. In this book, Lencioni brings together his vast experience and many of the themes cultivated in his other best-selling books and delivers a first: a cohesive and comprehensive exploration of the unique advantage organizational health provides. Simply put, an organization is healthy when it is whole, consistent and complete, when its management, operations and culture are unified. Healthy organizations outperform their counterparts, are free of politics and confusion and provide an environment where star performers never want to leave. Lencioni's first non-fiction book provides leaders with a groundbreaking, approachable model for achieving organizational health—complete with stories, tips and anecdotes from his experiences consulting to some of the nation's leading organizations. In this age of informational ubiquity and nano-second change, it is no longer enough to build a competitive advantage based on intelligence alone. The Advantage provides a foundational construct for conducting business in a new way—one that maximizes human potential and aligns the organization around a common set of principles.

Temptations Women Face

Honest Talk About Jealousy, Anger, Sex, Money, Food, Pride *InterVarsity Press*

Describing how several common temptations hook into particular needs and motivations of women, Mary Ellen Ashcroft stresses that God's intention is not only that we avoid, resist and overcome temptation, but that we use it to fire our spiritual growth in areas of life we have neglected.

Tempted and Tried

Temptation and the Triumph of Christ *Crossway*

Although temptation is a common and well-acknowledged part of the human experience, few realize the truth behind temptation and fewer still know how to defeat it. Tempted and Tried will not reassure Christians by claiming that temptation is less powerful or less prevalent than it is; instead, it will prepare believers for battle by telling the truth about the cosmic war that is raging. Moore shows that the temptation of every Christian is part of a broader conspiracy against God, a conspiracy that confronts everyone who shares the flesh of Jesus through human birth and especially confronts those who share the Spirit of Christ through the new birth of redemption. Moore walks readers through the Devil's ancient strategies for temptation revealed in Jesus' wilderness testing. Moore considers how those strategies might appear in a contemporary context and points

readers to a way of escape. Tempted and Tried will remind Christians that temptation must be understood in terms of warfare, encouraging them with the truth that victory has already been secured through the triumph of Christ.

The Bomber Mafia

A Dream, a Temptation, and the Longest Night of the Second World War *Little, Brown*

An exploration of how technology and best intentions collide in the heat of war. A *New York Times* Book Review Editors' Choice. In *The Bomber Mafia*, Malcolm Gladwell weaves together the stories of a Dutch genius and his homemade computer, a band of brothers in central Alabama, a British psychopath, and pyromaniacal chemists at Harvard to examine one of the greatest moral challenges in modern American history. Most military thinkers in the years leading up to World War II saw the airplane as an afterthought. But a small band of idealistic strategists, the "Bomber Mafia," asked: What if precision bombing could cripple the enemy and make war far less lethal? In contrast, the bombing of Tokyo on the deadliest night of the war was the brainchild of General Curtis LeMay, whose brutal pragmatism and scorched-earth tactics in Japan cost thousands of civilian lives, but may have spared even more by averting a planned US invasion. In *The Bomber Mafia*, Gladwell asks, "Was it worth it?" Things might have gone differently had LeMay's predecessor, General Haywood Hansell, remained in charge. Hansell believed in precision bombing, but when he and Curtis LeMay squared off for a leadership handover in the jungles of Guam, LeMay emerged victorious, leading to the darkest night of World War II. *The Bomber Mafia* is a riveting tale of persistence, innovation, and the incalculable wages of war.

Patrick Lencioni Trilogy *Jossey-Bass*

Resist Temptations. Embrace Obsessions. Dispel Dysfunctions. At last, Patrick Lencioni's deceptively simple fables on leadership are available as a set. Focusing on a different aspect of leadership, each book points out the mistakes that are so easy to make and helps you learn to avoid them before they occur. These absorbing books, written to be read in one sitting, will help you excel as a leader. Included in the set are: *The Five Temptations of a CEO: A Leadership Fable* Absorbing, compelling, and utterly memorable, *The Five Temptations of a CEO* is like no other business book that's come before. Author Patrick Lencioni deftly tells the tale of a young CEO who, facing his first annual board review, knows he is failing, but doesn't know why. Refreshingly original and utterly compelling, the story of this executive will be enjoyed, remembered, and reread for years to come. It serves a timeless and potent reminder that success as a leader can come down to practicing a few simple behaviors -- behaviors that are painfully difficult for each of us to master. *The Four Obsessions of an Extraordinary Executive: A Leadership Fable* In this stunning follow-up to his best-selling book, *The Five Temptations of a CEO*, Patrick Lencioni offers up another leadership fable that's every bit as compelling and illuminating as its predecessor. This time, Lencioni's focus is on a leader's crucial role in building a healthy organization -- an often overlooked but essential element of business life that is the linchpin of sustained success. Readers are treated to a story of corporate intrigue as the frustrated head of one consulting firm faces a leadership challenge so great that it threatens to topple his company, his career, and everything he holds true about leadership itself. In the story's telling, Lencioni helps his readers understand the disarming simplicity and power of creating organizational health, and reveals four key disciplines that they can follow to achieve it. *The Five Dysfunctions of a Team: A Leadership Fable* In *The Five Dysfunctions of a Team*, Patrick Lencioni once again offers a leadership fable that is as enthralling and instructive as his first two best-selling books, *The Five Temptations of a CEO* and *The Four Obsessions of an Extraordinary Executive*. This time, he turns his keen intellect and storytelling power to the fascinating, complex world of teams. Throughout the story, Lencioni reveals the five dysfunctions which go to the very heart of why teams even the best ones often struggle. He outlines a powerful model and actionable steps that can be used to overcome these common hurdles and build a cohesive, effective team. Just as with his other books, Lencioni has written a compelling fable with a powerful yet deceptively simple message for all those who strive to be exceptional team leaders. Please note that these books are also available individually.

The Motive

Why So Many Leaders Abdicate Their Most Important Responsibilities *John Wiley & Sons*

Shay was still angry but shrugged nonchalantly as if to say, it's not that big of a deal. "So, what am I wrong about?" "You're not going to want to hear this, but I have to tell you anyway." Liam paused before finishing. "You might be working hard, but you're not doing it for the company." "What the hell does that mean?" Shay wanted to know. Knowing that his adversary might punch him for what he was about to say, Liam responded. "You're doing it for yourself." New York Times best-selling author Patrick Lencioni has written a dozen books that focus on how leaders can build teams and lead organizations. In *The Motive*, he shifts his attention toward helping them understand the importance of why they're leading in the first place. In what may be his edgiest page-turner to date, Lencioni thrusts his readers into a day-long conversation between rival CEOs. Shay Davis is the CEO of Golden Gate Alarm, who, after just a year in his role, is beginning to worry about his job and is desperate to figure out how to turn things around. With nowhere else to turn, Shay receives some hard-to-swallow advice from the most unlikely and unwanted source—Liam Alcott, CEO of a more successful security company and his most hated opponent. Lencioni uses unexpected plot twists and crisp dialogue to take us on a journey that culminates in a resolution that is as unexpected as it is enlightening. As he does in his other books, he then provides a straightforward summary of the lessons from the fable, combining a clear explanation of his theory with practical advice to help executives examine their true motivation for leading. In addition to provoking readers to honestly assess themselves, Lencioni presents action steps for changing their approach in five key areas. In doing so, he helps leaders avoid the pitfalls that stifle their organizations and even hurt the people they are meant to serve.
