Originally written as a story for children, The Prince And The Pauper is a classic novel for adults as well - through its stinging attack on the ageless human folly of attempting to measure true worth by outer appearances. In the ancient city of London, on a certain autumn day in the second quarter of the sixteenth century, a boy was born to a poor family of the name of Canty, who did not want him. On the same day another English child was born to a rich family of the name of Tudor, who did want him. All England wanted him too. England had so longed for him, and hoped for him, and prayed God for him, that, now that he was really come, the people went nearly mad for joy. Mere acquaintances hugged and kissed each other and cried. Everybody took a holiday, and high and low, rich and poor, feasted and danced and sang, and got very mellow; and they kept this up for days and nights together. By day, London was a sight to see, with gay banners waving from every balcony and housetop, and splendid pageants marching along. By night, it was again a sight to see, with its great bonfires at every corner, and its troops of revellers making merry around them. There was no talk in all England but of the new baby, Edward Tudor, Prince of Wales, who lay lapped in silks and satins, unconscious of all this fuss, and not knowing that great lords and ladies were tending him and watching over him-and not caring, either. But there was no talk about the other baby, Tom Canty, lapped in his poor rags, except among the family of paupers whom he had just come to trouble with his presence.

The Prince and the Pauper "Annotated" Literature & Fiction

On a magical day in London, two boys are born into two different families, and they just happen to look exactly like one another. One boy, Tom Canty, is poor. The other boy, Prince Edward of Wales, is obviously rich. Fast forward a bit, and Tom is a young boy living in the slums of London. He has an abusive father and grandmother, a kind mother and sisters, and a pretty sad life. But he has a dream: one day, he wants to meet a real-life prince. After dreaming about living in the lap of luxury, Tom makes his way to Westminster Palace one day. When he gets a little too close to the gate, a guard attacks him. Lucky for Tom, this attracts the attention of the prince, who rebukes the guard and lets our little pauper into the palace. It's his dream come true. Surprisingly enough, the two little boys hit it off. Turns out they both have pretty terrible fathers, so we guess that's something to bond over. Eventually Tom gets to tell the prince about his life, and the prince thinks this sounds amazing. You know what's coming next: they decide to swap lives, just for a little while. But right in the middle of all of this, the prince storms out, determined to discipline the guard who bruised Tom. What he wasn't expecting was to be mistaken for Tom and kicked out of the palace because no one could recognize him without his fancy clothes. Now he's just another poor person on the street. The prince tries to tell everyone he comes across what happened to him, but it doesn't work; everyone just thinks he's crazy. Meanwhile, Tom starts to get a little fidgety at the palace. The prince has been gone for a pretty long time, and Tom's worried about getting caught. He tries to turn himself in, but everyone just assumes that he's crazy, too. So the prince's dad, King Henry VIII, orders that no one talk about his son's mental illness. Looks like Tom is going to be the new Prince of England. Tom's first days as a prince are pretty hard, because he doesn't know any of the etiquette or procedures of princehood. It's so bad that he drinks the water meant for washing his hands and stuffs his pockets with nuts at his first royal dinner. Classy. Back to Prince Edward. John Candy has found him—er, wait, we mean John Canty has found him, and John is pretty angry that Edward doesn't have any money to give him. He brings the prince home, assuming that he's Tom, and beats him for saying that he's the prince. Only Tom's mom believes that the prince is not her son. Because moms always know. But the family doesn't have a lot of time to deal with these strange developments: they have to skip town when they find out that John Canty has killed Father Andrew. The prince takes advantage of all the distracted hurry to get out of John Canty's clutches and find out how to get back to the palace. Being a smart kid, Edward does make it back to the palace, but no one believes that he is the real prince. The crowd is just about ready to tear him to pieces when Miles Hendon comes to save the day. Also, everyone gets pretty distracted when it's announced that King Henry VIII has died. So that makes Edward the king. Awesome. You know, except for that whole his father is dead thing. Oh yeah, and no one knows that Edward is the prince, so Tom is the one the royal court turns to. Tom's first act as king is to end Henry VIII's reign of terror by pardoning a bunch of people who have been condemned to grisly deaths. Miles Hendon takes Edward to his home, and the Edward pretty much takes over everything. Hey, he's a prince: he's used to it. After a nap and dinner, Miles tells his whole life story. Apparently he was forced to spend three years away from home because his brother convinced his dad that he was going to elope. Edward is so sad about the story that he gives Miles the right to sit in his presence rather than stand all the time. What a great gift.

The novel represents Twain's first attempt at historical fiction. Set in 1547, it tells the story of two young boys who are identical in appearance: Tom Canty, a pauper who lives with his abusive father in Offal Court off Pudding Lane in London, and Prince Edward, son of King Henry VIII. Plot[edit]Tom Canty, youngest son of a poor family living in Offal Court, London, has always aspired to a better life, encouraged by the local priest (who has taught him to read and write). Loitering around the palace gates one day, he sees a prince (the Prince of Wales - Edward VI). Coming too close in his intense excitement, Tom is nearly caught and beaten by the Royal Guards; however, Edward stops them and invites Tom into his palace chamber. There the two boys get to know one another, fascinated by each other's life and their uncanny resemblance; they were born on the same day. They decide to switch clothes "temporarily". The Prince momentarily goes outside, quickly hiding an article of national importance (which the reader later learns is the Great Seal of England), but dressed as he is in Tom's rags, he is not recognized by the guards, who drive him from the palace, and he eventually finds his way through the streets to the Canty home. There he is subjected to the brutality of Tom's abusive father, from whom he manages to escape, and meets one Miles Hendon, a soldier and nobleman

returning from war. Although Miles does not believe Edward's claims to royalty, he humors him and becomes his protector. Meanwhile, news reaches them that King Henry VIII has died and Edward is now the king. Tom, posing as the prince, tries to cope with court customs and manners. His fellow nobles and palace staff think "the prince" has an illness which has caused memory loss and fear he will go mad. They repeatedly ask him about the missing "Great Seal", but he knows nothing about it; however, when Tom is asked to sit in on judgments, his common-sense observations reassure them his mind is sound. As Edward experiences the brutish life of a pauper firsthand, he becomes aware of the stark class inequality in England. In particular, he sees the harsh, punitive nature of the English judicial system where people are burned at the stake, pilloried, and flogged. He realizes that the accused are convicted on flimsy evidence (and branded - or hanged - for petty offenses), and vows to reign with mercy when he regains his rightful place. When Edward unwisely declares to a gang of thieves that he is the king and will put an end to unjust laws, they assume he is insane and hold a mock coronation. After a series of adventures (including a stint in prison), Edward interrupts the coronation as Tom is about to celebrate it as King Edward VI. Tom is eager to give up the throne; however, the nobles refuse to believe that the beggarly child Edward appears to be is the rightful king until he produces the Great Seal that he hid before leaving the palace. Tom declares that if anyone had bothered to describe the seal he could have produced it at once since he had found it inside a decorative suit of armor (where Edward had hidden it) and had been using it to crack nuts. Edward and Tom switch back to their original places and Miles is rewarded with the rank of earl and the family right to sit in the presence of the king. In gratitude for supporting the new king's claim to the throne, Edward names Tom the "king's ward" (a privileged position he holds for the rest of his life). ... The Prince and the Pauper (Illustrated Edition) *GENERAL PRESS*

Mark Twain's "tale" became his first historical novel, *The Prince and the Pauper*, published in 1881. This treasured historical satire, played out in two very different socioeconomic worlds of 16th Century England, centers around the lives of two boys born in London on the same day: Edward, Prince of Wales, and Tom Canty, a street beggar. During a chance encounter, the two realize they are identical and, as a lark, decide to exchange clothes and roles—a situation that briefly, but drastically, alters the lives of both youngsters. The Prince, dressed in rags, wanders about the city's boisterous neighborhoods among the lower classes and endures a series of hardships; poor Tom, now living with the royals, is constantly filled with the dread of being discovered for who and what he really is. Mark Twain's first attempt at historical fiction has been adapted many times in multiple mediums. The story has also become an archetypal inspiration for many similar "trading places" stories in which characters from different walks of life are moved by circumstances to experience others' lives first hand.
