Philosophy Of Second Language Acquisition

In this provocative book, Marysia Johnson proposes a new model of second language acquisition (SLA)-a model that shifts the focus from language competence (the ability to pass a language exam) to language performance (using language competently in real-life

contexts). Johnson argues that current SLA theory and research is heavily biased in the direction of the cognitive and experimental scientific tradition.

Acquisition:

Reconciling Theories

Second language acquisition can be developed in two ways, by means of two independent processes: acquisition, which refers to subconscious processes that result in acquired knowledge, and learning, which refers to conscious processes that result in explicit knowledge about the grammatical properties of a second language. Knowledge about the formal properties of a second language, such as one's ability to explain the form of the English present perfect tense, does not lead to acquisition.
