Governing By Inspection Studies In European Education

In this chapter we establish some of the main lines of thinking that have informed our approach to studying school inspection. From the outset, we have been concerned with the work that inspection does as a means of governing schooling in our different settings. As a result the first section that follows locates our interest in the ever-expanding literatures on governance, governmentality and ...

Governing By Inspection Studies In European Education [PDF]

School inspection is employed in a number of countries as a means by which to govern increasingly complex education systems. Despite a tenuous link between inspection and school improvement, it remains a key driver in the shaping and implementation of education policy, as well as taking a central role in the politics of educational change. This seminar draws on three national and international research projects in order to examine perspectives on school inspection in Europe.
