Let Them Eat Dirt

How Microbes Can Make Your Child Healthier *Algonquin Books*

"A must-read . . . Takes you inside a child's gut and shows you how to give kids the best immune start early in life."
—William Sears, MD, coauthor of *The Baby Book* Like the culture-changing *Last Child in the Woods*, here is the first parenting book to apply the latest cutting-edge scientific research about the human microbiome to the way we raise our children. In the two hundred years since we discovered that microbes

cause infectious diseases, we've battled to keep them at bay. But a recent explosion of scientific knowledge has led to undeniable evidence that early exposure to these organisms is beneficial to a child's well-being. Our modern lifestyle, with its emphasis on hyper-cleanliness, is taking a toll on children's lifelong health. In this engaging and important book, microbiologists Brett Finlay and Marie-Claire Arrieta explain how the trillions of microbes that live in and on our bodies influence childhood development; why an imbalance of those microbes can lead to obesity, diabetes, and asthma, among other chronic conditions; and what parents can do--from conception on--to positively affect their own behaviors and those of their children. They describe

how natural childbirth, breastfeeding, and solid foods influence children's microbiota. They also offer practical advice on matters such as whether to sterilize food implements for babies, the use of antibiotics, the safety of vaccines, and why having pets is a good idea. Forward-thinking and revelatory, *Let Them Eat Dirt* is an essential book in helping us to nurture stronger, more resilient, happy, and healthy kids.

Dirt Work

An Education in the Woods *Beacon Press*

A lively and lyrical account of one

woman's unlikely apprenticeship on a national-park trail crew and what she discovers about nature, gender, and the value of hard work. Christine Byl first encountered the national parks the way most of us do: on vacation. But after she graduated from college, broke and ready for a new challenge, she joined a Glacier National Park trail crew as a seasonal "traildog" maintaining mountain trails for the millions of visitors Glacier draws every year. Byl first thought of the job as a paycheck, a summer diversion, a welcome break from "the real world" before going on to graduate school. She came to find out that work in the woods on a trail crew was more demanding, more rewarding—more real—than she ever imagined. During her first season, Byl embraces the backbreaking difficulty

of the work, learning how to clear trees, move boulders, and build stairs in the backcountry. Her first mentors are the colorful characters with whom she works—the packers, sawyers, and traildogs from all walks of life—along with the tools in her hands: axe, shovel, chainsaw, rock bar. As she invests herself deeply in new work, the mountains, rivers, animals, and weather become teachers as well. While Byl expected that her tenure at the parks would be temporary, she ends up turning this summer gig into a decades-long job, moving from Montana to Alaska, breaking expectations—including her own—that she would follow a "professional" career path. Returning season after season, she eventually leads her own crews, mentoring other

trail dogs along the way. In *Dirt Work*, Byl probes common assumptions about the division between mental and physical labor, “women’s work” and “men’s work,” white collars and blue collars. The supposedly simple work of digging holes, dropping trees, and blasting snowdrifts in fact offers her an education of the hands and the head, as well as membership in an utterly unique subculture. *Dirt Work* is a contemplative but unsentimental look at the pleasures of labor, the challenges of apprenticeship, and the way a place becomes a home.

Marley grew into a barreling, ninety-seven-pound streamroller of a Labrador retriever. He crashed through screen doors, gouged through drywall, and stole women's undergarments. Obedience school did no good -- Marley was expelled. But just as Marley joyfully refused any limits on his behavior, his love and loyalty were boundless, too. Marley remained a model of devotion, even when his family was at its wit's end. Unconditional love,

Dirt: The Ecstatic Skin of the Earth

W. W. Norton & Company

"A gleeful, poetic book...Like the best natural histories, *Dirt* is a kind of prayer." —Los Angeles Times Book Review "You are about to read a lot about dirt, which no one knows very much about." So begins the cult classic that brings mystery and magic to "that stuff that won't come off your collar." John Adams, Thomas Jefferson, Saint Phocas, Darwin, and Virgil parade through this thought-provoking work, taking their place next to the dung beetle, the compost heap, dowsing, historical farming, and the microscopic biota that till the soil. Whether William Bryant Logan is traversing the far

reaches of the cosmos or plowing through our planet's crust, his delightful, elegant, and surprisingly soulful meditations greatly enrich our concept of "dirt," that substance from which we all arise and to which we all must return.

Vulture, Entertainment Weekly, BuzzFeed, Los Angeles Times, Boston Globe, Oprah.com, Huffington Post, The A.V. Club, Nylon, The Week, The Rumpus, The Millions, The Guardian, Publishers Weekly, and more. “A lyrical work of self-discovery that’s shockingly intimate and insistently universal...Not so much briefly gorgeous as permanently stunning.” —Ron Charles, The Washington Post Poet Ocean Vuong’s debut novel is a shattering portrait of a family, a first love, and the redemptive power of storytelling On Earth We’re Briefly Gorgeous is a letter from a son to a mother who cannot read. Written when the speaker, Little Dog, is in his late twenties, the letter unearths a family’s history that began before he was born — a history whose epicenter is

rooted in Vietnam — and serves as a doorway into parts of his life his mother has never known, all of it leading to an unforgettable revelation. At once a witness to the fraught yet undeniable love between a single mother and her son, it is also a brutally honest exploration of race, class, and masculinity. Asking questions central to our American moment, immersed as we are in addiction, violence, and trauma, but undergirded by compassion and tenderness, On Earth We’re Briefly Gorgeous is as much about the power of telling one’s own story as it is about the obliterating silence of not being heard. With stunning urgency and grace, Ocean Vuong writes of people caught between disparate worlds, and asks how we heal and rescue one another without

forsaking who we are. The question of how to survive, and how to make of it a kind of joy, powers the most important debut novel of many years. Named a Best Book of the Year by: GQ, Kirkus Reviews, Booklist, Library Journal, TIME, Esquire, The Washington Post, Apple, Good Housekeeping, The New Yorker, The New York Public Library, Elle.com, The Guardian, The A.V. The Book of Dirt *Text Publishing*

'An immense work of love and anger, a book Bram Presser was born to write.' Joan London They chose not to speak and now they are gone...What's left to fill the silence is no longer theirs. This is my story, woven from the threads of rumour and legend. Jakub Rand flees his village for Prague, only to find himself trapped by the Nazi occupation. Deported to the Theresienstadt concentration camp, he is forced to sort through Jewish books for a so-called

Museum of the Extinct Race. Hidden among the rare texts is a tattered prayer book, hollow inside, containing a small pile of dirt. Back in the city, Františka Roubíčková picks over the embers of her failed marriage, despairing of her conversion to Judaism. When the Nazis summon her two eldest daughters for transport, she must sacrifice everything to save the girls from certain death. Decades later, Bram Presser embarks on a quest to find the truth behind the stories his family built around these remarkable survivors. *The Book of Dirt* is a completely original novel about love, family secrets, and Jewish myths. And it is a heart-warming story about a grandson's devotion to the power of storytelling and his family's legacy. Bram Presser was born in Melbourne in 1976.

His stories have appeared in *Best Australian Stories*, *Award Winning Australian Writing*, *The Sleepers Almanac* and *Higher Arc*. His 2017 debut novel, *The Book of Dirt*, won the 2018 Goldberg Prize for Debut Fiction in the US National Jewish Book Awards, the 2018 Voss Literary Prize and three awards in the 2018 NSW Premier's Literary Awards: the Christina Stead Prize for Fiction, the UTS Glenda Adams Award for New Writing and The People's Choice Award. 'The lyrical, impassioned and culturally rich prose of *The Book of Dirt*, and its moral force, bears echoes of such great Jewish writers as Franz Kafka (Presser inherited his grandfather's copy of *The Trial*), Elie Wiesel, Primo Levi, Isaac Bashevis Singer and Cynthia Ozick...It is a major book, and one for the

times: while I was reading it, neo-Nazis in America brought fatal violence to Charlottesville, and, in Melbourne, neo-Nazis placed posters in schools calling for the killing of Jews to be legalised...The Book of Dirt is a courageous work, as necessary for us to read as it was for Presser to write.' Saturday Paper 'A beautiful literary mind.' A.S. Patrić 'Meet Bram Presser, aged five, smoking a cigarette with his grandmother in Prague. Meet Jakub Rand, one of the Jews chosen to assemble the Nazi's Museum of the Extinct Race. Such details, like lightning flashes, illuminate this audacious work about the author's search for the grandfather he loved but hardly knew. Working in the wake of writers like Modiano and Safran Foer, Presser

brilliantly shows how fresh facts can derail old truths, how fiction can amplify memory. A smart and tender meditation on who we become when we attempt to survive survival.' Mireille Juchau 'The Book of Dirt is a grandson's tender act of devotion, the product of a quest to rescue family voices from the silence, to bear witness, drawing on legend, journey and history, and shaped by extraordinary storytelling.' Arnold Zable 'A remarkable tale of Holocaust survival, love and genealogical sleuthing...A beautiful tale that will stay with the reader long after the book's end.' Books+Publishing 'It's hard not to be captured from the opening epigraph...[A] magnificent ode to all that is lost.' Longin to Be 'It is difficult to convey the breadth and nuance of this extraordinary

work. It is a book about how history is made—and about who is allowed the privilege to remake it. There are echoes here of Sebald's biting honesty and Chabon's long and rewarding vignettes. An absolute pleasure to read.' Readings 'As in Sebald's prose narratives, Presser's novel inhabits and the dynamic region between fiction and non-fiction.' Australian Book Review 'An impressive and captivating story of remembrance, a journey into the past for the sake of deciphering our present.' Dasa Drndic 'In The Book of Dirt the fractured lines of memory create a gripping story of survival and love.' Leah Kaminsky 'I found Bram Presser's The Book of Dirt impossible to forget. Penetrating, soulful, and surprisingly welcoming, it reminded me of my own ancestors and how easy it

is to sidestep the past.' Barry Scott, Australian Book Review, 2017 Publisher Picks 'Presser blurs the boundaries of fact and fiction in a compelling way...A wonderful and original book, told in rich, lyrically beautiful prose that is laden with history and cultural meaning.' Good Reading 'A combination of homage, mystery, family history and a sepia-toned love story...The Book of Dirt is magnificent.' ANZ LitLovers 'A heartfelt and original attempt to bridge the ever-growing gaps between history, memory and silence...Its heart beats so earnestly, and so loud...What Presser has produced is a meditation on the ethics of storytelling, of the duties we owe to the people whose stories we tell, and to the people whose stories we don't.' Australian 'Always surprising and

beautifully complex, and both deft and sensitive in its handling of its intertwined narratives and materials. It is an incredibly affecting book, one that lingers long after reading—and a remarkably assured debut.’ Age ‘A gripping tale of survival and an absorbing novelisation of his family’s extraordinary lives...Presser fills in the gaps in his grandfather’s story with vivid character studies; together with poignant black and white snapshots, he brings them evocatively to life. His poetic narrative is a perfect foil for the silences of his forbears.’ Toowoomba Chronicle ‘The Book of Dirt is both a loving, honest portrayal of lives that would have been erased, and an incorporation of the broader lessons of their experience into contemporary

mythology. It keeps the discussion about trauma, memory, and intergenerational acts of transfer alive for those generations that follow, that risk forgetting. It is a potent achievement for a debut novel.’ Sydney Review of Books

Dogopolis

How Dogs and Humans Made Modern New York, London, and Paris *University of Chicago Press*

Dogopolis suggests a surprising source of urban innovation in the history of three major cities: human-canine relationships. Stroll through any American or European city today and you probably won't get far before seeing

a dog being taken for a walk. It's expected that these domesticated animals can easily navigate sidewalks, streets, and other foundational elements of our built environment. But what if our cities were actually shaped in response to dogs more than we ever realized? Chris Pearson's *Dogopolis* boldly and convincingly asserts that human-canine relations were a crucial factor in the formation of modern urban living. Focusing on New York, London, and Paris from the early nineteenth century into the 1930s, Pearson shows that human reactions to dogs significantly remolded them and other contemporary western cities. It's an unalterable fact that dogs—often filthy, bellicose, and sometimes off-putting—run away, spread rabies, defecate, and breed

wherever they like, so as dogs became a more and more common in nineteenth-century middle-class life, cities had to respond to people's fear of them and revulsion at their least desirable traits. The gradual integration of dogs into city life centered on disgust at dirt, fear of crime and vagrancy, and the promotion of humanitarian sentiments. On the other hand, dogs are some people's

most beloved animal companions, and human compassion and affection for pets and strays were equally powerful forces in shaping urban modernity. Dogopolis details the complex interrelations among emotions, sentiment, and the ways we manifest our feelings toward what we love—showing that together they can actually reshape society.
