Early childhood educators and speech pathologists can support
children to build their communication and keep them developing
"between the flags".

Communication Milestones - Speech Pathology Australia

This is a guide to how children develop speech and language
between 0-6 months. Children develop skills at different rates but
by 6 months, usually children will: Turn towards a sound when
they hear it; Be startled by loud noises; Watch your face when
you talk to them; Recognise your voice; Smile and laugh when
other people smile and laugh

Ages and Stages - I CAN is the children's communication

...

The first 3 years of life, when the brain is developing and
maturing, is the most intensive period for acquiring speech and
language skills. These skills develop best in a world that is rich
with sounds, sights, and consistent exposure to the speech and
language of others. There appear to be critical periods for speech
and language development in infants and young children when
the brain is best able to absorb language.

Speech and Language Developmental Milestones | NIDCD

All children are different, so bear in mind that the milestones
below are just averages (Harding 2014) – don't worry if it takes
your toddler a little longer to master this complicated new skill.
How does my baby's speech develop in her first year?

Developmental milestones: talking - BabyCentre UK

Milestones related to speech and language. Birth to 5 months. Coos. Vocalizes pleasure and displeasure sounds differently (laughs, giggles, cries, or fusses) Makes noise when talked to. 6 to 11 months. Understands "no-no". Babbles (says "ba-ba-ba") Says "ma-ma" or "da-da" without meaning.

Age-Appropriate Speech and Language Milestones

Ages and stages (developmental milestones) From the first few days of life, a child's speech, language and communication skills start to develop. Children learn to communicate with the adults in their environment before they have developed speech skills or the skills required to understand and express language.

Ages and stages developmental milestones | SLT for Kids

...

Speech, language and communication milestones Between the ages of 13 and 18 young people have learnt the basics of language and they are constantly developing and improving on their skills. Through these years they will learn many different ways they can use language which they have not had to do previously.

Teenager 13-18 years - SLT for Kids | Speech & Language

...
