Policy Framing In The European

Policy framing research addresses the role of political issue definitions in the policy-making process. This research article first offers an introduction to this field and argues that the policy framing perspective has particular relevance for the study of the EU. A review of recent studies of EU policy framing discusses how the framing of issues on the EU agenda structures political conflict and competition at the European level, and it shows how this literature provides a

Reviews. 'This book represents a major contribution to our

understanding of public policy in the European Union. Daviter makes a persuasive case for the 'framing approach' to EU studies and beyond, showing the framing effects on policy choice and how framing affects the processing of interests and ideas. The case studies are theoretically insightful and topical: essential reading in an era of (frame) contestation of policy issues.'
